RURAL DIGITAL OPPORTUNITY FUND SUPPORT FOR 2,072 WINNING BIDS READY TO BE AUTHORIZED; BID DEFAULTS ANNOUNCED

Listed Auction 904 Long-Form Applicants Must Submit Letters of Credit and Bankruptcy Code Opinion Letters by September 15, 2022

AU Docket No. 20-34
WC Docket No. 19-126
WC Docket No. 10-90

By this Public Notice, the Rural Broadband Auctions Task Force (RBATF), Wireline Competition Bureau (WCB or Bureau), and the Office of Economics and Analytics (OEA) announce they are ready to authorize Rural Digital Opportunity Fund (Auction 904) support for the Auction 904 winning bids identified in Attachment A of this Public Notice.

To be authorized to receive the total 10-year support amounts listed in Attachment A, the long-form applicants identified in that attachment are required to submit acceptable irrevocable stand-by letter(s) of credit and Bankruptcy Code opinion letter(s) from their legal counsel for each state where they have winning bids that are ready to be authorized in accordance with the instructions provided below by the applicable deadline – **prior to 6:00 p.m. ET on September 15, 2022.**[1]

On December 7, 2020, we announced that there were 180 winning bidders in the auction and established the deadlines for winning bidders to submit their long-form applications for Rural Digital Opportunity Fund support.[2] Winning bidders had the opportunity to assign some or all of their winning bids to related entities by December 22, 2020.[3] All winning bidders that retained their winning bids and all related entities that were assigned winning bids were required to submit long-form applications by January 29, 2021.[4] On February 18, 2021, we announced that there were 417 long-form applicants.[5]

We have reviewed the long-form applications associated with each of the winning bids identified in Attachment A. These applications were reviewed to determine whether they met all legal, financial,

[5] *417 Long-Form Applicants in the Rural Digital Opportunity Fund Phase I Auction (Auction 904)*, Public Notice, DA 21-170 (WCB and OEA Feb. 18, 2021) (*Auction 904 Long-Form Applicants Public Notice*).

and technical requirements. Based on the representations and certifications in each relevant long-form application, we are prepared to authorize support, subject to submission of the required letter(s) of credit and Bankruptcy Code opinion letter(s), for each of the winning bids identified in Attachment A.[6]

On July 26, 2021, the RBATF, WCB, and OEA sent a letter to certain long-form applicants that identified census blocks where concerns of existing service or questions of potential waste had been raised, and informed applicants that if they no longer wished to pursue support for a winning bid they should identify those census block groups with a brief explanation of their decision to default on their bid(s).[7] Support amounts have been adjusted for applicants that defaulted on the identified census blocks.

ETC Deadline Waivers. Auction 904 long-form applicants were required to certify that they are eligible telecommunications carriers (ETCs) in all bid areas and to submit appropriate documentation supporting such certification on or before June 7, 2021.[8] On our own motion, we find good cause to waive this deadline for the applicants that were designated as ETCs by the Commission on June 8, 2021 for the reasons described in the *First RDOF Ready to Authorize Public Notice*.[9]

We also find good cause to waive this deadline for certain applicants that obtained state ETC designations.[10] Generally, the Commission's rules may be waived for good cause shown.[11] Waiver of the Commission's rules is appropriate only if both: (1) special circumstances warrant a deviation from the general rule, and (2) such deviation will serve the public interest.[12] The Commission has found that waiver of this deadline is appropriate when an ETC designation proceeding is not yet complete by the deadline despite the good faith efforts of the long-form applicant.[13] The Commission has explained that it would presume such good faith efforts when the petitioner submitted its petition to the relevant authority within 30 days of the release of the *Auction 904 Closing Public Notice,* i.e., by January 6, 2021.[14] In the

[6] *See* 47 CFR § 54.804(b)(6)(v). We remind all applicants that an ETC satisfies its obligation to "offer" qualifying services by being legally responsible for dealing with customer problems, providing quality of service guarantees, and meeting universal service fund-related requirements. Accordingly, a broadband provider may satisfy its voice obligations by offering voice service through an affiliate or by offering a managed voice solution (including VoIP) through a third-party vendor, but a provider cannot simply rely on the availability of over-the-top voice options to satisfy this obligation. *Auction 904 Procedures Public Notice*, 35 FCC Rcd at 6129, para. 139.

Connect America Phase II auction, we granted petitions for waiver for applicants that filed outside the 30-day window after finding that the applicant "acted diligently in attempting to obtain its ETC designation prior to the deadline," that a delay did not "rise to the level of lack of good faith that should result in [the applicant's] default," and that "late-filing of [the] ETC application did not delay the Commission's long-form application review process or the provision of voice and broadband services to consumers."[15] In contrast, we have found a lack of good-faith pursuit of ETC designation where (1) an applicant had provided no explanation or defense of its failure to timely submit its ETC application to its respective state commission, (2) an applicant relied on a specific corporate strategy or business consideration to delay its submission, or (3) an applicant filed its ETC designation petition a few days before the ETC deadline and "failed to provide a compelling rationale" for the delay.[16]

AMG Technology Investment Group, LLC dba NextLink Internet (NextLink). On January 6, 2021, NextLink filed an ETC designation expansion application with the Oklahoma Corporation Commission (OCC) to include areas where it is eligible to receive RDOF support.[17] OCC staff then informed NextLink on May 24, 2021 that it "planned to recommend approval of the Company's ETC expansion for the 1,154 census blocks . . . [but] it could not yet recommend approval for the 46 census blocks that are within the service territory of Windstream Oklahoma, LLC."[18] Subsequently, NextLink filed an updated application to expand its Certificate of Convenience and Necessity (CCN) territory to include the Windstream Oklahoma service territory encompassing the 46 census blocks; and, ultimately submitted its ETC expansion application on September 3, 2021.[19] On June 3, 2021 and December 13, 2021, respectively, the OCC designated NextLink as an ETC in all areas where it is eligible to receive RDOF support.[20]

We conclude that NextLink has demonstrated special circumstances that warrant deviation from the Commission's June 7, 2021 deadline. NextLink filed its ETC petition with the OCC on January 6, 2021 for the areas covered by its winning bids, which was within 30 days of the public notice announcing that it was a winning bidder.[21] We thus presume that NextLink acted in good faith to obtain ETC designation in a timely manner. After the OCC let NextLink know that it was not ready to recommend approval of the 46 census blocks, NextLink promptly filed a CCN expansion application on June 3, 2021.[22] Following the OCC's CCN approval, NextLink filed another expansion ETC designation

application on September 3, 2021.[23] Thus, the delay of the ETC designation of all NextLink's RDOF census blocks constituted circumstances outside of its control.

Moreover, based on the totality of the circumstances, we find that waiver of the deadline here serves the public interest. As discussed above, NextLink has shown consistent efforts to obtain its ETC designation. NextLink was engaged with the OCC prior to the end of the good faith time frame.[24] The circumstances surrounding its petition are not similar to those instances where the Bureau has previously found a lack of good faith.[25] NextLink was actively working toward filing its ETC petition and demonstrated consistent engagement with the OCC.[26]

We find the public interest is served by moving forward with authorizing support for an applicant that acted in good faith through the application process and obtained its ETC designation within a reasonable amount of time after the deadline.

Starry (Connect Everyone, LLC; Alabama, Virginia). Connect Everyone sought waiver of the June 7, 2021 ETC documentation deadline for its respective long-form applications in Alabama and Virginia.[27] We find good cause to grant its petition for waiver regarding the ETC documentation deadline for these states. Connect Everyone filed its ETC designation applications with the Commission on January 6, 2021, ultimately receiving designations on August 30, 2022.[28] Because Connect Everyone filed its petitions with the Commission within 30 days of the public notice announcing that it was a winning bidder,[29] we presume that it acted in good faith in pursuing its respective ETC designations.[30] That presumption has not been overcome, and thus we find good cause to waive the deadline.

Starry (Connect Everyone, LLC; Pennsylvania). Connect Everyone sought waiver of the June 7, 2021 ETC documentation deadline for its long-form application in Pennsylvania.[31] Though Connect Everyone did not file its ETC petition in Pennsylvania within the 30-day time frame for the presumption of good faith to apply, we nonetheless find good cause to grant its petition for waiver regarding the ETC documentation deadline for this state.

We conclude that Connect Everyone demonstrated special circumstances that warrant deviation from the Commission's June 7, 2021 deadline. Connect Everyone explains that, following release of the *Auction 904 Closing Public Notice*, "[c]ircumstances largely beyond Starry's control, [including lack of

---

[23] NextLink Petition for Waiver at 2-4 (stating that "OCC staff informed the ALJ" that staff would recommend approval of NextLink's "ETC designation for the 46 Windstream Oklahoma census blocks upon approval of the expansion of the Company's local exchange service territory").

[31] Connect Everyone Petition at 3. Connect Everyone filed its ETC Designation application with the Pennsylvania PUC on January 29, 2021. *Id.*

counsel], delayed its ability to file within the 30-day window in some States."[32] Connect Everyone filed its application with Pennsylvania Public Utilities Commission (PUC) on January 29, 2021.[33] On May 25, 2021 the Pennsylvania PUC notified Connect Everyone's counsel that "given the complexity of the issues involved in processing an ETC petition . . . the Commission does not anticipate acting on Connect Everyone's ETC petition by June 7, 2021."[34] Furthermore, the Pennsylvania PUC stated that it recognizes that Connect Everyone "has acted in good faith by demonstrating its willingness to work with the Commission to address issues of concern" and has responded in a timely manner.[35] In this case, Connect Everyone filed its ETC petitions with the Pennsylvania PUC well before the ETC designation deadline and diligently engaged with the PUC. The Pennsylvania PUC took more time than Connect Everyone had reasonably anticipated, which constituted circumstances outside its control.

Moreover, based on the totality of the circumstances, we find that waiver of the deadline here would serve the public interest. Connect Everyone has shown consistent efforts to obtain its ETC designations as evidenced by Connect Everyone's willingness to work with the Pennsylvania PUC and its responsiveness to the PUC's requests for additional information to supplement its ETC application.[36] Thus, the circumstances surrounding its petition are not similar to those instances where the Bureau has previously found a lack of good faith.[37] We find the public interest is served by moving forward with authorizing support for applicants that acted in good faith through the application process and obtained their ETC designations within a reasonable amount of time after the deadline, rather than delaying the provision of voice and broadband service to these areas by defaulting long-form applicants that are otherwise ready to authorize.

Audited Financial Statements Deadline Waiver. We grant GigaBeam Networks, LLC's (GigaBeam) petition for waiver of the June 7, 2021 deadline for submitting audited financial statements. All Auction 904 applicants with at least two years of experience providing voice, broadband, and/or electric distribution were required to submit with their short-form application financial statements from the prior fiscal year.[38] If such an applicant was not audited in the ordinary course of business, it had the option of submitting unaudited financial statements with its short-form application and waiting to submit audited financial statements with its long-form application by the June 7, 2021 deadline.[39] On June 7, 2021, GigaBeam filed a petition seeking waiver of this deadline and later submitted its audited financial statements on June 3, 2022.[40]

We find good cause to waive the June 7, 2021 audited financial statements deadline for GigaBeam. GigaBeam explains that it "encounter[ed] difficulties in engaging with a firm willing to

perform the audit."[41] Then, it took "substantially longer for GigaBeam to conclude the audit" than originally anticipated because it took months for GigaBeam to fill two internal accounting vacancies and train its staff due to the "small pool of qualified accounting workers in rural West Virginia and the ongoing workforce issues stemming from the COVID-19 pandemic."[42]

First, we find that special circumstances warrant deviation from the Commission's audited financial statements deadline. We have found that challenges that companies face due to the pandemic, like the challenges experienced by GigaBeam, constitute special circumstances when they cause obstacles to a company meeting a universal service program's requirements.[43] Here, although GigaBeam missed the deadline by almost a year, we are persuaded that GigaBeam acted in good faith to meet this requirement, but faced unforeseeable, pandemic-created obstacles in hiring staff that were qualified to help complete the audit.[44]

Second, we find that it serves the public interest to grant GigaBeam's waiver petition. We have previously found that it serves the public interest to waive the audited financials deadline in order to "evaluate the qualifications of an applicant that has expressed a willingness to serve the consumers in its winning bid areas and demonstrated the company's financial capabilities during ongoing application review."[45] We have also found that precluding an otherwise qualified applicant from being authorized to receive support would "delay the provision of voice and broadband service" in the relevant areas.[46] The same public interest consideration apply in these circumstances because GigaBeam submitted is audited financial statements while its application was still undergoing review by the Commission staff and Commission staff has deemed GigaBeam financially qualified to meet the relevant Auction 904 obligations.

Defaults. In Attachment B, we list the relevant winning bids associated with winning bidders or their assignees that have notified us that they do not intend to pursue all or some of their winning bids in a state.[47] A list of the eligible census blocks covered by these winning bids will be made available on the

[44] GigaBeam Petition for Waiver at 1-2.

[45] *See, e.g.*, *Connect America Fund Phase II Auction Support for 6 Winning Bids Ready to be Authorized*, AU Docket No. 17-182, Public Notice, 35 FCC Rcd 11702, 11704-05 (WCB/OEA 2020).

[46] *Id.*

[47] Monster Broadband, Inc. (Monster) notified us that it planned to default on all its winning bids after we announced its application as ready to authorize for Tennessee and Texas. *Rural Digital Opportunity Fund Support for 80 Winning Bids Ready to be Authorized; Bid Defaults Announced*, AU Docket No. 20-34 et al., Public Notice, DA 22-848 (WCB/OEA Aug. 10, 2022). Our grant of an ETC designation for Monster in Tennessee was conditioned on Monster being authorized for RDOF support in the relevant areas. *Telecommunications Carriers Eligible for Universal Service Support et al.*, WC Docket No. 09-197 et al., Order, DA 22-718, at 1 (WCB July 20, 2022) ("Designation is conditioned upon, limited to, and effective upon Monster's authorization to receive support under [RDOF]".) Because Monster will not be authorized for RDOF support for any of its winning bids in Tennessee, our high-cost ETC designation of Monster is null and void, and Monster will not be a high-cost ETC for the areas covered by its Tennessee winning bids.

Auction 904 website under the "Results" tab, https://www.fcc.gov/auction/904/round-results. Auction 904 support will not be authorized for the winning bids listed in Attachment B.

We consider these winning bidders and assignees to be in default for these bids.[48] Because Commission staff are reviewing information that is submitted with long-form applications on a rolling basis, we expect to announce additional defaults in future public notices.[49]

A defaulter is subject to a base forfeiture per violation of $3,000.[50] A violation is defined as any form of default with respect to the census block group. In other words, there shall be separate violations for each census block group assigned in a bid.[51] So that this base forfeiture amount is not disproportionate to the amount of a winning bidder's bid, the Commission has limited the total base forfeiture to 15% of the bidder's total assigned support for the bid for the support term.[52] Notwithstanding this limitation, the total base forfeiture will also be subject to adjustment upward or downward based on the criteria set forth in the Commission's forfeiture guidelines.[53] In addition, any applicant that failed to submit the audited financial statements as required by the June 7, 2021 deadline will be subject to a base forfeiture of $50,000, which will be subject to adjustment upward or downward as appropriate based on criteria set forth in the Commission's forfeiture guidelines.[54]

Pursuant to section 54.804(b)(6)(v) of the Commission's rules, the long-form applicants identified in Attachment A that may be authorized to receive Rural Digital Opportunity Fund auction support must submit irrevocable stand-by letters of credit, issued in substantially the same form as set

---

[48] *Rural Digital Opportunity Fund et al.*, WC Docket No. 19-126 et al., Report and Order, 35 FCC Rcd 686, 735-36, paras. 114-17 (2020) (*Rural Digital Opportunity Fund Order*). In the *Fourth RDOF Authorization Public Notice*, we waived the default forfeiture for letter-identified census blocks and in the *Eighth RDOF Authorization Public Notice* we waived the default forfeiture for non-urban areas that similarly appeared to staff as being served with 25/3 Mbps broadband and for which applicants informed the Commission that they wished to default. *Fourth RDOF Authorization Public Notice* at 9; *Rural Digital Opportunity Fund Support Authorized for 1,345 Winning Bids*, AU Docket No. 20-34 et al., Public Notice, DA 22-402, at 6 n.38 (WCB/OEA Apr. 15, 2022). Accordingly, to the extent applicants filed petitions seeking waiver of the default forfeiture or other non-compliance measures for these areas, we dismiss those petitions as moot.

For all other defaulted areas, we dismiss petitions seeking waiver of the default forfeiture and other non-compliance measures. All relevant facts, including the claimed public interest benefits that could result from the applicants' defaults, will be given due consideration in accordance with the default penalty framework adopted by the Commission. For the reasons explained in the *First RDOF Default Public Notice*, we also deny outstanding petitions that request that we waive the default penalty framework to relieve applicants of the obligation to apply for support. *First RDOF Default Public Notice* at 2-3 n.8

[49] Attachment B includes two bid defaults by California Internet dba Geolinks and six bid defaults from Connect Everyone that stem from interagency coordination pursuant to the Broadband Interagency Coordination Act of 2020. Accordingly, for reasons similar to those articulated in the *Fourth RDOF Authorization Public Notice*, *see supra* n.48, we waive the default forfeitures for these areas.

forth in the model letter of credit provided in Appendix C of the *Rural Digital Opportunity Fund Order,*[55] by a bank that is acceptable to the Commission by **6:00 p.m. ET on September 15, 2022.**[56] **Prior to submitting their letters of credit, we encourage long-form applicants to view and share with their issuing banks the letter of credit resources available on USAC's website: https://www.usac.org/high-cost/funds/rural-digital-opportunity-fund/**.

A separate letter of credit must be submitted for each state where the long-form applicant has winning bids that are ready to be authorized, in an amount equal to at least the first year of support in the state.[57] The value of the letter of credit must increase each year until it has been verified that the support recipient has met certain milestones, as described in more detail in section 54.804(c)(1) of the Commission's rules.[58]

In addition, a long-form applicant is required to provide with the letter of credit an opinion letter from outside legal counsel clearly stating, subject only to customary assumptions, limitations, and qualifications, that, in a proceeding under the Bankruptcy Code, the bankruptcy court would not treat the letter of credit or proceeds of the letter of credit as property of the long-form applicant's bankruptcy estate, or the bankruptcy estate of any other bidder-related entity requesting issuance of the letter of credit, under section 541 of the Bankruptcy Code.[59]

By future public notice, we will authorize support for specific winning bids for which all requirements, including submission of the letter of credit and opinion letter, have been met.

Details concerning the next steps are set forth below.

Instructions for Submission of Letter of Credit and Opinion Letter

Long-form applicants identified in Attachment A of this Public Notice must submit letters of credit and Bankruptcy Code opinion letters for each state where they have winning bids identified in Attachment A. The minimum amount of the first letter of credit for each state is determined by adding up the first year of support listed in Attachment A for each winning bid in the state. Each letter of credit and opinion letter submitted to the Universal Service Administrative Company (USAC) must reference the relevant study area code as listed in Attachment A.

A long-form applicant should:

- Submit the hard copy of the letter of credit and opinion letter to USAC by **6:00 p.m. ET on September 15, 2022**, at the following address: Universal Service Administrative Company (USAC), High Cost Program, Rural Digital Opportunity Fund LOC, Attn: Stephen Snowman, 700 12th Street, NW, Suite 900, Washington, DC 20005;
- **Submit an electronic copy of its original letter of credit and opinion letter to hcinfo@usac.org and OGC-LOC@usac.org by the deadline to ensure that they are timely filed.** Note: 1) the electronic copies should be scanned versions of the hard copies mailed to USAC, which should be signed and include Annex A, B, & C, as shown in the model letter of credit,[60] 2) electronic copies are used for the purpose of determining the

[55] *Rural Digital Opportunity Fund Order*, 35 FCC Rcd at 773-77, Appx. C.

[56] The Commission's rules list specific requirements for a bank to be acceptable to the Commission to issue the letter of credit. Those requirements vary for United States banks and non-U.S. banks. *See* 47 CFR § 54.804(c)(2); *Rural Digital Opportunity Fund Order*, 35 FCC Rcd at 732, para. 107.

[57] *Rural Digital Opportunity Fund Order*, 35 FCC Rcd at 732-33, paras. 107-08.

[58] 47 CFR § 54.804(c)(1)(i)-(vii); *Rural Digital Opportunity Fund Order*, 35 FCC Rcd at 729-31, paras. 98-104.

[59] 11 U.S.C. § 541; 47 CFR § 54.804(c)(3); *Rural Digital Opportunity Fund Order*, 35 FCC Rcd at 735, para. 113.

[60] *Rural Digital Opportunity Fund Order*, 35 FCC Rcd at 773-77, Appx. C.

timeliness of submissions, 3) thus, USAC will only review the mailed, hard copies of the letters of credit and opinion letters, not the electronic copies;

- Expect to receive feedback from USAC on letters of credit within approximately 10 days of USAC's receipt of the hard copies;
- Avoid sending additional documents until the applicant has received feedback from USAC. If an applicant notices an error in its letter of credit or bankruptcy opinion letter prior to receiving feedback from USAC, do not send USAC a revised copy of the relevant document. Instead, applicants should wait to receive feedback from USAC and then make their corrections to the version of the document they send back to USAC that also incorporates any USAC feedback.

A copy of the letter of credit and opinion letter must also be submitted in the FCC Auction System by the applicable deadline—**prior to 6:00 p.m. ET on September 15, 2022**. An applicant must provide this required information in two attachments. The letter of credit attachment should be uploaded using the "Letter of Credit" attachment type, and the opinion letter attachment should be uploaded using the "Letter of Credit Opinion Letter" attachment type. Each attachment must be uploaded within the applicant's long-form application to each relevant winning bid identified in Attachment A of this Public Notice. Such attachments will be treated as confidential trade secrets and/or commercial information and withheld from routine public inspection.[61] As such, a long-form applicant need not submit a separate section 0.459 confidentiality request for this information with its FCC Form 683.[62]

Any long-form applicant identified in Attachment A that fails to file the required documents[63] for any of the identified winning bids by the applicable deadline **– prior to 6:00 p.m. ET on September 15, 2022 –** will be in default on such bid(s) and subject to forfeiture.[64]

CONNECT AMERICA FUND PHASE II AUCTION SUPPORT AUTHORIZED FOR 2,413 WINNING BIDS

AU Docket No. 17-182
WC Docket No. 10-90

By this Public Notice, the Wireline Competition Bureau (WCB), in conjunction with the Rural Broadband Auctions Task Force and the Office of Economics and Analytics, authorize Connect America Fund Phase II (Auction 903) support for the winning bids identified in Attachment A of this Public Notice.

For each of the winning bids identified in Attachment A, we have reviewed the long-form application information, including the letter(s) of credit and Bankruptcy Code opinion letter(s) from the long-form applicant's legal counsel. Based on the representations and certifications in the relevant long-form application, we authorize support for the winning bids listed in Attachment A.

We will also soon post a state-level summary under the "Data" tab on the Auction 903 webpage at https://www.fcc.gov/auction/903. The summary will provide for each long-form applicant included in this Public Notice: 1) the total support amount over 10 years and total number of locations that the long-form applicant is being authorized for in each state, 2) the total number of locations to which the authorized support recipient must offer the required voice and broadband services for each performance tier and latency in each state, and 3) the eligible census blocks included in the winning bids that are being authorized in each state.[1]

Upon issuance of this Public Notice, the Universal Service Administrative Company (USAC) is directed and authorized to obligate and disburse from the Universal Service Fund the amounts identified in Attachment A to the long-form applicant associated with each study area specified in Attachment A. USAC will make disbursement payments to the account on file for the 498 ID associated with the study area code (SAC).[2] The support will be disbursed in 120 monthly payments, which will begin at the end of this month.

---

[1] An Auction 903 recipient that participates in the location discrepancy process may have its total number of locations and total support reduced. *See Connect America Fund, et al.,* Order on Reconsideration, 33 FCC Rcd 1380, 1389-90, paras. 23-26 (2018); *Wireline Competition Bureau Seeks Comment on Procedures to Identify and Resolve Location Discrepancies in Eligible Census Blocks within Winning Bid Areas*, Public Notice, 33 FCC Rcd 8620 (WCB 2018).

[2] USAC assigned Winnebago Cooperative Telecom Association (Winnebago) a different study area code than was announced in the public notice deeming Winnebago ready to authorize. *Connect America Fund Phase II Auction Support for 2,025 Winning Bids Ready to be Authorized*, AU Docket No. 17-182, WC Docket No. 10-90, Public Notice, DA 19-403, at Attach. A (WCB May 10, 2019). The revised study area code is reflected in Attachment A.

Below, we provide a summary of the various obligations of authorized Auction 903 support recipients. This summary is not comprehensive. Each support recipient is responsible for conducting the due diligence required to comply with universal service fund requirements and the Commission's rules.

Summary of Obligations and Relevant Dates. The following dates are applicable to the long-form applicants that are being authorized for support by this Public Notice.

- **Annual reporting of location information**. Auction 903 support recipients are required to file location information with USAC through the High-Cost Universal Broadband (HUBB) portal.[3] This information includes geolocation data for each qualifying location to which they are offering the requisite service and the technology the Auction 903 support recipient is using to offer the requisite service to the qualifying locations. The requisite service is: at least one standalone voice plan and one service plan that provides broadband at the relevant performance tier and latency requirements at rates that are reasonably comparable to rates offered in urban areas.[4] The locations must be in the eligible census blocks covered by the long-form applicant's winning bids.[5]

  The Commission has consistently encouraged carriers subject to defined deployment obligations and HUBB reporting obligations to report location data on a rolling basis and has adopted a best practice of filing this information within 30 days after the initial offering of service.[6] While reporting on a rolling basis is encouraged, the first deadline for the long-form applicants being authorized in this Public Notice to submit their location data is **September 30, 2020**.[7] Support recipients must continue to report this information on or before the last business day of each **September** in each subsequent year until all build-out requirements are satisfied. For more information about the HUBB portal and reporting location data, visit https://www.usac.org/hc/annual-requirements/hubb.aspx.

- **Service milestones**. An Auction 903 support recipient is required to complete construction and begin commercially offering service to 40 percent of the requisite number of the locations in a state by the end of the third year of funding and to an additional 20 percent in each subsequent year, with 100 percent by the end of the sixth year.[8] The service milestones for the long-form applicants authorized by this Public Notice are as follows:

[3] 47 CFR § 54.316(a)(4); *Connect America Fund et al.*, Report and Order and Further Notice of Proposed Rulemaking, 31 FCC Rcd 5949, 6010-11, paras. 172-73 (2016) (*Phase II Auction Order*).

[5] *See also Wireline Competition Bureau Provides Guidance to Carriers Receiving Connect America Fund Support Regarding their Broadband Location Reporting Obligations*, Public Notice, 31 FCC Rcd 12900 (WCB 2016) (*Location Guidance Public Notice*).

[6] *Phase II Auction Order*, 31 FCC Rcd at 6011, para. 173.

[7] Location data are due by the last business day of the second calendar month following the relevant support year. 47 CFR § 54.316(c)(2); *Phase II Auction Order*, 31 FCC Rcd at 6010-11, para. 173.

[8] 47 CFR § 54.310(c); *Phase II Auction Order*, 31 FCC Rcd at 5964, para. 40.

Percentage of Locations in a State	Service Milestone Deadline
40	July 14, 2022
60	July 14, 2023
80	July 14, 2024
100	July 14, 2025

By the last business day of the second calendar month following each relevant service milestone, an Auction 903 support recipient must file a certification in the HUBB portal that it has met its service milestone and is meeting the requisite public interest obligations.[9] Support recipients that are being authorized by this Public Notice must file their certifications in the HUBB portal by the last business day of each **September** following each service milestone.

If an ETC is unable to meet a service milestone, it must notify the Commission, USAC, and the relevant state, U.S. Territory, or Tribal government as appropriate, no later than ten business days after the applicable deadline.[10] If the ETC is unable to meet the required deployment obligations due to circumstances beyond its control, it may also seek waiver of the service milestones.[11] The Commission has repeatedly warned Phase II support recipients, however, that it does not expect to routinely grant such waiver requests, emphasizing the difficulty of demonstrating good cause under circumstances where carriers fail to plan for contingencies that would prevent compliance with defined deployment obligations.[12]

- **Annual section 54.313 report.** The long-form applicants that are being authorized by this Public Notice will be required to file their first annual section 54.313 report by **July 1, 2020** and each subsequent year until the year after their support terms have ended.[13] Annual reports are filed with USAC.[14] Support recipients must complete the FCC Form 481 on USAC's website.[15] They must also test and certify compliance with relevant performance requirements in section 54.309 of the Commission's rules.[16] WCB, the Wireless Telecommunications Bureau, and the Office of

[14] *Connect America Fund; ETC Annual Reports and Certifications*, Report and Order, 32 FCC Rcd 5944, 5948, para. 15 (2017) (determining that the Commission "will no longer require ETCs to file duplicate copies of Form 481 with the FCC and with states, U.S. Territories, and/or Tribal governments beginning in 2018"); 47 CFR § 54.313.

[15] *See* Universal Service Administrative Company High Cost Forms, FCC Form 481, http://www.usac.org/hc/tools/forms.aspx.

[16] 47 CFR § 54.309.

Engineering and Technology have adopted a uniform framework to measure and report on the performance of ETCs' service.[17]

- **Annual section 54.314 certification.** The first annual section 54.314 certification is due for the long-form applicants that are being authorized by this Public Notice by **October 1, 2020**.[18] We previously concluded that there was good cause to waive on our own motion the October 1, 2019 section 54.314 filing deadline with respect to the use of Auction 903 support.[19]

  Pursuant to section 54.314 of the Commission's rules, if a support recipient was designated by a state, that state must certify on the support recipient's behalf "that all federal high-cost support provided . . . within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended."[20]

  If a support recipient was designated an ETC by the Federal Communications Commission, it must self-certify by filing a sworn affidavit executed by a corporate officer attesting to the relevant facts.[21] Certifications must be filed with both the Commission and USAC. ETCs may submit their certifications to USAC via its online filing system or by sending the appropriate certification sample letter (provided on USAC's website) via email or U.S. mail.[22] Certifications must also be submitted to the Commission's Office of the Secretary on or before **October 1st**. The submission should clearly reference WC Docket No. 14–58, ETC Annual Reports and Certifications.

All post-designation ETC-related filings must be submitted in good faith and include a certification that, to the best of the ETC's knowledge and belief, the information is complete and accurate.[23] In addition, ETCs have an on-going duty to correct or amend information if they have reason to believe, either through their own investigation or upon notice from USAC, that the data are inaccurate, incomplete, or contain errors or anomalies.[24] The failure to timely file information may result in penalties in the form of a reduction in support.[25]

Document Retention and Compliance Audits. Under section 54.320 of the Commission's rules, recipients of high-cost support must retain, for at least ten years, all records necessary to demonstrate to

auditors that the support received was consistent with universal service high-cost program rules and to make these documents available upon request to the Commission (and any of its Bureaus or Offices) and to USAC, and to their respective auditors.[26] In addition, all ETCs that receive high-cost support are subject to random compliance audits and other investigations to ensure compliance with program rules and orders, including verification of actual deployment to reported locations.[27]

Consequences for Non-Compliance. A support recipient is subject to non-compliance measures once it becomes a support recipient if it fails or is unable to meet its minimum coverage requirement or other service requirements, or fails to fulfill any other term or condition of Phase II support.[28] These measures scale with the extent of non-compliance and include additional reporting, withholding of support, and support recovery.[29] A defaulting support recipient may also be subject to sanctions, including, but not limited to, potential revocation of ETC designations and suspension or debarment.[30]

ETC Obligations. All Auction 903 support recipients were required to obtain a high-cost ETC designation prior to being authorized for Auction 903 support, and thus should be familiar with ETC requirements. For example, all high-cost ETCs commit to serving the entire area covered by an ETC designation and must offer Lifeline voice and broadband service throughout such area to qualifying low-income consumers pursuant to the Lifeline program rules.[31] While an Auction 903 support recipient was not required to obtain an ETC designation that was limited only to the eligible census blocks covered by its winning bids, it may only use its Auction 903 support to offer the required voice and broadband services to locations in eligible census blocks. If an Auction 903 support recipient has obtained an ETC designation that covers more area than the eligible census blocks in its winning bids, that support recipient has the obligation to provide Lifeline services throughout its designated service area, including in areas where it cannot use its Auction 903 support.[32] A high-cost ETC may also be subject to state-specific requirements imposed by the state that designated it as an ETC.

Discontinuance of Service and/or Relinquishment of Support. It is a violation of Commission rules to receive universal service support if that support is not used to provide, maintain, and upgrade voice and/or broadband facilities and services in eligible areas or if the recipient is no longer offering supported services. A carrier that cannot appropriately use universal service support must relinquish its ETC designation pursuant to section 214(a) of the Act and section 54.205 of the Commission's rules.[33] The ETC must file a notice of relinquishment in WC Docket No. 09-197, Telecommunications Carriers Eligible for Universal Service Support, using the Commission's Electronic Comment Filing System (ECFS). WCB will release an order approving the relinquishment if the relinquishing ETC demonstrates

[26] 47 CFR § 54.320(b).

[27] *Id*. § 54.320(a).

[28] 47 CFR §§ 54.315(c)(4), 54.320; *Phase II Auction Order*, 31 FCC Rcd at 6016-18, paras. 189-94; *December 2014 Connect America Order*, 29 FCC Rcd at 15694-700, paras. 142-54; *CAF Performance Measures Order*, 33 FCC Rcd at 6531-33, paras. 60-67.

[29] 47 CFR §§ 54.315(c)(4), 54.320; *Phase II Auction Order*, 31 FCC Rcd at 6016-18, paras. 189-94; *December 2014 Connect America Order*, 29 FCC Rcd at 15694-701, paras. 142-57; *CAF Performance Measures Order*, 33 FCC Rcd at 6531-33, paras. 60-67.

[31] *See* 47 CFR §§ 54.101(d), 54.405(a); 47 CFR Subpart E.

[32] For example, some Auction 903 support recipients may have obtained an ETC designation for an entire census block group(s) that was covered by its winning bid(s) but may only use its Auction 903 support to offer service to locations in the eligible census blocks within the census block group(s).

[33] 47 U.S.C. § 214(a); 47 CFR § 54.205.

that the affected area will continue to be served by at least one ETC.[34] The ETC must then send a copy of its relinquishment notice and a copy of the relinquishment order (within one week of its release) to USAC at hcorders@usac.org. A carrier that intends to discontinue service must first seek authorization to discontinue service under section 63.71 of the Commission's rules.[35]

Transfers of Control. ETCs seeking to transfer control of their domestic authorizations to operate pursuant to section 214 of the Communications Act of 1934, as amended, or to engage in the sale of assets under section 214 must first receive approval from the Commission in accordance with sections 63.03 and 63.04 of the Commission's rules governing the procedures for domestic transfer of control/asset applications.[36] Transfers of control and assignments of international section 214 authorizations are separately subject to section 63.24 of the Commission's rules.[37] More information is available on the Commission's website at http://www.fcc.gov/general/transfer-control.

Price Cap Carrier Obligations. Price cap carriers that serve the census blocks where an Auction 903 long-form applicant that is not the incumbent price cap carrier has been authorized to receive support will no longer have a federal high-cost ETC obligation to continue to offer voice service in those census blocks pursuant to the forbearance granted in the *December 2014 Connect America Order*.[38]

Transitioning Legacy Support. WCB will soon update the list of census blocks where incumbent price cap carriers will continue to receive legacy support by removing the eligible census blocks that are covered by the winning bids in Attachment A.[39] Incumbent price cap carriers will no longer receive legacy support in the eligible census blocks covered by the winning bids in Attachment A beginning on the first day of the next month.[40]

---

[34] 47 U.S.C. § 214(e)(4).

[35] 47 CFR § 63.71.

[36] 47 U.S.C. § 214; 47 CFR §§ 63.03, 63.04.

[37] 47 CFR § 63.24.

[38] In the first month that support is disbursed to an authorized Auction 903 support recipient that is not the incumbent price cap carrier, the incumbent price cap carrier will be immediately relieved of its federal high-cost ETC obligation to offer voice telephony in those specific census blocks. *December 2014 Connect America Fund Order*, 29 FCC Rcd at 15663–71, paras. 50–70; *see also* 47 CFR § 54.201(d)(3). We will remove these census blocks from the list of census blocks where price cap carriers continue to have the federal high-cost ETC obligation to provide voice service. The "List of Census Blocks Subject to Federal High-Cost Voice Obligations" is available at https://www.fcc.gov/encyclopedia/price-cap-resources.

[39] Incumbent price cap carriers were also given the option of declining legacy support in each state that they serve. *See Wireline Competition Bureau Announces Universal Service Support Amounts Offered to Price Cap Carriers and Fixed Competitive Eligible Telecommunications Carriers after Authorization of Connect America Phase II Auction Support*, WC Docket No. 10-90, Public Notice, DA 19-174 (WCB Mar. 12, 2019).

[40] *Connect America Fund*, WC Docket No. 10-90, Report and Order, FCC 19-8, at 5-6, paras. 14-15 (Feb. 15, 2019) (stating that price cap carriers will no longer receive legacy support for the census blocks where Auction 903 support is authorized beginning on the first day of the month after the Auction 903 support is authorized for those census blocks). Previous versions of the report erroneously showed Frontier Communications' CAF Phase I frozen support in Florida allocated across census blocks from both its SACs in the state—including the SAC where it was receiving that frozen support (SAC 210328) and the SAC where it receives CAF Phase II model-based support in Florida (SAC 210318). Correcting this issue, the updated report will show the allocation of Frontier's frozen support across only the census blocks where it was receiving frozen support, in SAC 210328. We direct USAC to adjust Frontier's transition payments accordingly.
