

February 28, 2019

To Whom It May Concern:

The City of Sully would like to give their recommendation for Sully Telephone Association in regard to their grant application for the Governor's 2019 Broadband Grant Program.

Sully Telephone Association's efforts to provide fiber connectivity to the community and to Sully's Business Park has assisted in attracting growing businesses such as Janco Industries to our city with the availability of the latest communication technology.

We are fortunate to have a dedicated telecommunications provider such as Sully Telephone Association in our community.

Sincerely,

A handwritten signature in black ink, appearing to read "Brent Vander Molen", is written over a light blue horizontal line.

Brent Vander Molen
Mayor
