A new public comment has been received on **302089**. The comment and contact information are listed below.

Comment

I am the General Manager of Palmer Mutual Telephone Company in Palmer, IA. As I look at the TSA area for Evertek many of those areas within the Exchange boundary of Palmer Mutual already have FTTH and those that do not already have at minimum a 10/1 service and will have FTTH by the end of 2019. This has all been done without the help of Federal or State grants. This concerns me that funding would be granted in the Palmer Mutual Exchange area where coverage is already there.
