Mr. Bohler,

The State of Iowa Office of the Chief Information Officer ("Office") has reviewed your comment submitted in response to Broadband Grant Application #329457 - Omnitel Communications - Oakland FTTH Broadband Expansion Project. In reviewing the materials you submitted, the Office interprets your comment to mean that there are a number of United States Census Blocks within which you currently offer or facilitate 25/3 broadband service that overlap with the Application referenced above and there are a number of United States Census Blocks within which you will offer or facilitate 25/3 broadband service in the future.

To assist the Office with its evaluation of the Application, we request that you complete the attached Affirmation, Attestation, and Certification of Service in Claimed Targeted Service Areas Broadband Grants Program Public Comment Validation Process for NOFA #002 form which has been prepopulated with the United States Census Blocks referenced in your comment. The form requires that you select "Yes" next to each census block in the column labeled "25/3 CURRENTLY OFFERED OR FACILITATED AS OF DATE OF SIGNATURE BELOW" within which you currently offer or facilitate 25/3 or faster broadband service. For the avoidance of doubt, while we have prepopulated the form with all of the United States Census Blocks you have provided, at this time we are only requesting attestation as to your current service capabilities, not future capabilities. You may either delete United States Census blocks within which you are not currently providing service or answer "No" next to each census block in the column referenced above where you do not yet offer or facilitate 25/3 or faster broadband service.

We request that you submit a signed copy of the form by e-mailing a scanned image of the form containing your signature (e.g. PDF) to this e-mail address (ociogrants@iowa.gov) by no later than Thursday, November 14 at 5:00 PM CST.

Please let us know if you have any questions concerning this request.

Sincerely,

Office of the Chief Information Officer
State of Iowa
