Frontier Communications of Iowa already provides broadband service at speeds of 25/3 in the area of this application and is currently undertaking construction of new facilities to expand that coverage area. Broadband service at speeds of 25/3 is provided in the areas outlined in red in the attached map. Currently, construction is underway in the areas outlined in yellow in the attached map, which will also provide broadband speeds of 25/3. In addition, as spreadsheet is attached which identified the census blocks impacted by Frontier's current and pending broadband service.
