Request for Clarification - Broadband Grant Application (NOFA #002) - Application #329676

Grants, OCIO <ociogrants@iowa.gov>

Thu, Nov 7, 2019 at 4:14 PM

To: tlarsen@mediacomcc.com, Alessandro Pugliese <apugliese@mediacomcc.com>

Dear Mr. Larsen,

Thank you for submitting a grant application to the State of Iowa Broadband Grants Program - Empower Rural Iowa Initiative (NOFA #002). The Office of the Chief Information Officer requests the following clarifications concerning your application (#329676 - Mediacom LLC - Keokuk County):

1. In your Core Application Exhibit B (Prospective Product Attributes), you provided a Hop Count of 4. In NOFA #002, Section 3.1.6.4, Hop Count is defined as "The estimated number of intermediate devices through which data must pass between the originating source and ultimate destination upon Project Completion." Hop Count is traditionally measured through the use of a trace route command executed from a client/end user workstation that measures the number of hops between the client workstation and the destination server (www.iowa.gov). Please confirm the estimated Hop Count for the network you have proposed in your project Application.

Please provide the above requested clarifications by **Thursday, November 14, 2019 at 5:00 PM CST**. Please email your response to ociogrants@iowa.gov.

Please let us know if you have any questions about this request for clarification.

Sincerely,

Office of the Chief Information Officer
State of Iowa
