RE: Empower Rural Iowa – Broadband Grant Program

Dear Chief Information Officer Annette Dunn and Review Committee:

I am writing this letter on behalf of Danville Mutual Telephone. As a resident and farmer of Danville, Iowa, we would like to express our full support of the Empower Rural Iowa Broadband Grant application for Danville Mutual. They have a long and successful history of providing state-of-art communications services within the State of Iowa. Danville Mutual has a strong reputation for community commitment and strong customer service. We are confident in Danville Mutual's capabilities for enhancing broadband service for those residing in Danville.

With the assistance from the broadband grant, Danville Mutual will be able to enhance our broadband connectivity with a fiber network design. This fiber build will enable us to overcome some geographical distances, empower us through information, and bring the world to us through a few simple strokes of a keyboard.

As a local area grain and/or livestock producer, we use advancements in technology to help manage crops more effectively and efficiently. We use technology to map fields for maximum grain production. Farmers in the rural Danville area use broadband for soil mapping which aids in their seed and fertilizer application, GPS systems for precision farming, as well as for irrigation and grain bin monitoring. Fiber to the home connections offer endless opportunities for monitoring services, livestock feed and environment monitoring, security, video surveillance, energy management, and GPS tracking. Therefore, it is extremely important that broadband grant funding be obtained to provision for much needed broadband service to our area.

We strongly urge the Office of the Chief Information Officer of the State of Iowa fund this Empower Rural Iowa Broadband Grant application, not only will this help with sustaining the future of advanced broadband services in Danville Mutual's proposed funded service area, but also promoting the future economic stability of our community.

Sincerely,

*Parrott Family Farms Partnership
