Dear Ms. Dun

I am pleased to offer a letter of reference on behalf of Premier Communications for the Iowa Broadband Grant. The fiber project that is being proposed by Premier is a perfect example of the intent behind the legislation for this grant.

I know very well the area that Premier is wanting to build fiber and I can honestly say that access to quality broadband is needed here! I've heard from my constituents in this area the need for better, faster and more reliable broadband service. Many are forced to use cellular hotspots or wireless – which is marginal at best. Having a company like Premier that is not only willing but excited to invest in fiber broadband in the rural areas of Iowa is exactly what we need. The benefits of this project will be felt for years to come.

In closing I would like to say that Premier Communications is a company that cares about its customers, their employees and the communities they serve – I can say this as both a customer and someone who has seen firsthand the type of company they are. I am pleased to give them my highest reference!
