

FINAL AGENCY DECISION

Docket No. SD20V3035¹

February 3, 2021

In response to the Notice of Appeal (“**Appeal**”) filed by Mabel Cooperative Telephone Company (“**Appellant**”) pursuant to and in accordance with Iowa Administrative Code rules 129—20.5(1) and (2), and following the Office of the Chief Information Officer of the State of Iowa’s (“**Office**”) notification of and opportunity for input from affected persons and parties pursuant to and in accordance with Iowa Administrative Code rule 129—20.5(3), the Office has conducted an internal review of all relevant evidence and information both submitted in connection with this Appeal and otherwise available to the Office related to the United States Census Blocks (“**Census Blocks**”) forming the basis of this Appeal. *See* Iowa Admin. Code r. 129—20.5(4). Following its review of the entire record before it, the Office issues the following **FINAL AGENCY DECISION** (“**Decision**”). Iowa Admin. Code r. 129—20.5(5).

I. ISSUE(S) ON APPEAL.

Whether the Office correctly determined that the Census Blocks forming the basis of this Appeal constitute Targeted Service Areas (“**TSAs**”) as defined by Iowa Code section 8B.1(13) and Iowa Administrative Code rule 129—20.1.

II. BACKGROUND, LAW, AND PROCEEDINGS.

Iowa Code section 8B.11, as amended, creates programs the Office is responsible for or involved in administering, including a Broadband Grants Program and a Property Tax Exemption Program (Iowa Code section 427.1(40)). At a high level, these programs are designed to reduce or eliminate areas in the State that do not have access to Broadband service at minimally acceptable speed thresholds. *See* Iowa Code § 8B.11. In order to identify these unserved and underserved areas and best direct the incentives available through these programs, the Office is required to make determinations as to whether any Communications Service Providers already offer or Facilitate Broadband service at or above twenty-five megabits per second of download speed and three megabits per second of upload speed (“**25/3**”) as of July 31, 2020 (“**As of Date**”). The Office makes these determinations on an individual Census Block basis by referencing Broadband availability maps or data sources that are widely accepted for accuracy and available for public review and comment. Iowa Code § 8B.10. In October 2020, the Office documented and communicated its TSA determinations by publishing Version 3 (“**V3**”) of the Statewide Broadband

¹Appellant filed an “Affirmation, Attestation, and Certification of Service or lack of Service in Census Block Broadband Grants Program Broadband Availability Map Challenge Process” (“**Certification**”) to initiate this Appeal. The Office considers this Certification to constitute a proper Notice of Appeal that comports with the form and content requirements of Iowa Administrative Code rule 129—20.5(1).

Availability Map (“**Map**”). Iowa Admin. Code r. 129—20.3, 20.4.

On October 28, 2020, the Office published V3 of the Map. V3 of the Map is based on maps and data sources made available by the Federal Communications Commission (FCC) and/or developed or produced by contractors or third parties retained or utilized by the Office for such purpose. Iowa Admin. Code r. 129—20.3. Data representing the status of fixed Broadband in Iowa is as of July 31, 2020. Iowa Admin. Code r. 129—20.1, 20.3, 20.4(1); *see Broadband Availability Map - Version 3 Challenge Process*, at OCIO.IOWA.GOV (<https://ocio.iowa.gov/broadband-availability-map-version-3-challenge-process>). In publishing V3 of the Map, the Office triggered a statutorily-required challenge period whereby “[w]ithin 20 days after [October 28], any person or party aggrieved or adversely affected by such determination may challenge the office’s finding by filing a notice of appeal with the office” and “provid[ing] the office with all evidence and information necessary to support the appeal.” Iowa Admin. Code r. 129—20.5(1); *see also* Iowa Code § 8B.10(2) (“The office shall establish procedures to allow challenges to the office’s finding on whether an area meets the definition of targeted service area.”). After the expiration of this initial twenty-day appeal window, the Office was to post any notices of appeal received by the Office online at ocio.iowa.gov/broadband. *Id.* r. 20.5(3). From the date of such posting, any other persons or parties affected by a challenge received by the Office would “have 20 calendar days to submit evidence and information in support of, or in opposition to, such appeal” to the Office. *Id.* After expiration of this second twenty-day submission window, the Office would “consolidate all appeals involving the same census block[s] and conduct an internal review of the evidence and information submitted by all appellants related thereto, in conjunction with any other evidence and information submitted by any affected persons or parties . . . , the maps and data sources originally utilized [by the Office], and any other information deemed relevant by the office.” *Id.* r. 20.5(4). Thereafter, the Office would issue a final agency decision stating the reasons for the Office’s decision concerning the census block(s) in question. *Id.* r. 20.5(5).

The period for appeals closed November 16, 2020 at 11:59 p.m. In accordance with Iowa Administrative Code rule 129—20.5(5), the Office is considering the evidence and information submitted to or otherwise available to the Office, and issuing final decisions concerning all of the Census Blocks forming the basis of appeals received by the Office.

III. FACTUAL BACKGROUND.

On November 16, 2020, within the initial twenty-day window, Appellant filed this Appeal (Docket 20OCIO035).² Therein, Appellant challenged the Office’s determination with respect to the following one (1) Census Block:

191919501004080

Supporting its Appeal, Appellant completed and submitted a Certification. Pursuant to this Certification, Appellant attested and certified under penalty of perjury that it offered or Facilitated 25/3

² Appendix A - Mabel Cooperative Telephone Company Map Appeal

Broadband service in this Census Block, to the exclusion of all others, forming the basis of its Appeal as of July 31, 2020. With respect to this Census Block, Appellant explained:

The block listed above was submitted to Connected Nation as partial fiber and partial copper, but ALL locations within the block have had 25/3 Broadband availability as of the July 31, 2020 date.

Appellant requested that this Census Block be designated as a non-TSA.

As required by Iowa Administrative Code rule 129—20.5(3), the Office posted this Appeal online on November 16, 2020. See *Broadband Availability Map - Version 3 Challenge Process*, at OCIO.IOWA.GOV (<https://ocio.iowa.gov/broadband-availability-map-version-3-challenge-process>). Over the course of the next twenty days, “[no other] affected persons or parties . . . submit[ted] evidence and information in support of, or in opposition to, such appeal.” Iowa Admin. Code r. 129—20.5(3). The Office subsequently conducted an internal review of all relevant evidence and information submitted by Appellant and otherwise available to the Office in connection with the Census Blocks forming the basis of this Appeal. *Id.* r. 20.5(4). Based on that review, the Office now issues the following Decision. *Id.* r. 20.5(5).

IV. DECISION(S) AND REASONING.

A. DECISION REGARDING BLOCK ID: 191919501004080 (the “IV.A Block”)

1. **SUMMARY: APPEAL GRANTED.** The Office will change the designation for the Census Block identified in IV.A from TSA to non-TSA.
2. **DETAILED RESPONSE.** With respect to the Census Blocks identified as the IV.A Block, above, the Office has reviewed the evidence and information submitted by Appellant related thereto, in conjunction with the maps and data sources originally utilized in determining whether this Census Block is or is not a TSA. Iowa Admin. Code r. 129—20.5(4).

In reviewing this evidence and information, the Office’s specific objective is to determine whether it should change its original determination of “whether a communications service provider offers or facilitates broadband service [at or above 25/3]” in the IV.A Block as of July 31, 2020, based on the additional evidence and information now available to it, or whether its original determination based on the “fixed broadband availability maps and corresponding data sources made available by the Federal Communications Commission (FCC)” should stand. Iowa Code §§ 8B.1(12), 8B.10(1)-(2); Iowa Admin. Code r. 129—20.1, 20.3, 20.4, 20.5.

Here, the map data representing the status of fixed Broadband in Iowa as of July 31, 2020, and originally relied on by the Office in generating V3 of the Map indicates that no Communication Service Provider offered or Facilitated 25/3 Broadband in the IV.A Block as of July 31, 2020. Appellant appealed the designation of the IV.A Block, asserting that it, as a Communication Service Provider, offered or Facilitated 25/3 Broadband as of July 31, 2020. Appellant thereby further asserts that this

Census Block was incorrectly labeled as a TSA, and that its designation should be changed to non-TSA.

In considering the evidence and information provided by Appellant in support of its Appeal, the Office looks to Iowa Administrative Code rule 129—20.5(8), which provides in relevant part:

Examples of evidence and information the office would consider particularly probative of broadband service at or above the download and upload speeds specified in the definition of targeted service area as of the as of date for purposes of adjudicating an appeal of the office’s determination of whether a particular census block constitutes a targeted service area include . . . [s]igned attestations submitted to the office under penalty of perjury on forms provided by the office that the applicable census block(s) was or was not served as of the as of date with broadband service at or above the download and upload speeds specified in the definition of targeted service area.

Appellant completed and submitted a Certification on forms provided by the Office certifying under penalty of perjury that 25/3 broadband was available in the Census Block identified by Appellant as of July 31, 2020. The Office considers this Certification to be particularly probative.

Accordingly, this IV.A Block will be changed from a TSA to non-TSA, and shall not be eligible to receive State incentives under the programs administered by the Office.

V. APPEALING FURTHER. If you wish to appeal this Decision further, within thirty (30) days of the posting of this Decision at ocio.iowa.gov/broadband, you must notify us in writing by mailing a written request for a contested case proceeding to:

Office of the Chief Information Officer
c/o Matt Behrens
200 E. Grand Avenue
Des Moines, Iowa 50309

In so doing, you must state the reason(s) you are appealing this Decision, specifically identifying the particular aspects of the Decision with which you disagree and the reasons why, whether factual or legal in nature. The request for a contested case proceeding should state the name and address of the requester; identify the specific Office action which is disputed; and, where the requester is represented by a lawyer, identify the provisions of law or precedent requiring or authorizing the holding of a contested case proceeding in the particular circumstances involved, and include a short and plain statement of the issues of material fact in dispute. Iowa Admin. Code r. 129—6.4.

Upon receipt, your appeal will be forwarded to the Department of Inspections and Appeals where an Administrative Law Judge (“ALJ”) will perform an independent review. Iowa Admin. Code r.

129—20.6(1); Iowa Admin. Code r. 129—6.6. At that time, you will have an opportunity to make a presentation, in person or over the telephone, to an ALJ regarding the nature of your concerns. If you do not exercise your appeal right within thirty (30) days of the posting of this Decision at ocio.iowa.gov/broadband, this Decision shall become final and no longer subject to challenge. Iowa Admin. Code r. 129—20.5(5).

Sincerely,

Matt Behrens
Deputy Chief Information Officer
State of Iowa

C. CERTIFICATION/ATTESTATION/AFFIRMATION

In signing and submitting this form, the above-identified company, and its duly authorized representative signing on behalf thereof, hereby affirms, attests, and certifies under penalty of perjury that, as represented in its submission:

1. Company, consistent with the representations made in this form, and regardless of whether your company's prior reporting to the FCC and/or Connected Nation was correct or in error, either:
 - a. Offered or Facilitated material Broadband service at or above twenty-five (25) megabits per second of download speed and three (3) megabits per second of upload speed ("**25/3 Broadband**") in the identified census blocks as of July 31, 2020; or
 - b. Did **NOT** offer or Facilitate 25/3 Broadband in the identified census blocks as of July 31, 2020;

OR

2. Another unaffiliated company, consistent with the representations made in this form, either:
 - a. Offered or Facilitated material Broadband service at or above twenty-five (25) megabits per second of download speed and three (3) megabits per second of upload speed ("**25/3 Broadband**") in the identified census blocks as of July 31, 2020; or
 - b. Did **NOT** offer or Facilitate 25/3 Broadband in the identified census blocks as of July 31, 2020;
