

FINAL AGENCY DECISION

Docket No. SD20V3162¹

February 3, 2021

In response to the Notice of Appeal (“**Appeal**”) filed by Bits of Technology Wireless Internet LLC (“**Appellant**”) pursuant to and in accordance with Iowa Administrative Code rules 129—20.5(1) and (2), and following the Office of the Chief Information Officer of the State of Iowa’s (“**Office**”) notification of and opportunity for input from affected persons and parties pursuant to and in accordance with Iowa Administrative Code rule 129—20.5(3), the Office has conducted an internal review of all relevant evidence and information both submitted in connection with this Appeal and otherwise available to the Office related to the United States Census Blocks (“**Census Blocks**”) forming the basis of this Appeal. *See* Iowa Admin. Code r. 129—20.5(4). Following its review of the entire record before it, the Office issues the following **FINAL AGENCY DECISION** (“**Decision**”). Iowa Admin. Code r. 129—20.5(5).

I. ISSUE(S) ON APPEAL.

Whether the Office correctly determined that the Census Blocks forming the basis of this Appeal constitute Targeted Service Areas (“**TSAs**”) or non-Targeted Services Areas, as defined by Iowa Code section 8B.1(13) and Iowa Administrative Code rule 129—20.1.

II. BACKGROUND, LAW, AND PROCEEDINGS.

Iowa Code section 8B.11, as amended, creates programs the Office is responsible for or involved in administering, including a Broadband Grants Program and a Property Tax Exemption Program (Iowa Code section 427.1(40)). At a high level, these programs are designed to reduce or eliminate areas in the State that do not have access to Broadband service at minimally acceptable speed thresholds. *See* Iowa Code § 8B.11. In order to identify these unserved and underserved areas and best direct the incentives available through these programs, the Office is required to make determinations as to whether any Communications Service Providers already offer or Facilitate Broadband service at or above twenty-five megabits per second of download speed and three megabits per second of upload speed (“**25/3**”) as of July 31, 2020 (“**As of Date**”). The Office makes these determinations on an individual Census Block basis by referencing Broadband availability maps or data sources that are widely accepted for accuracy and available for public review and comment. Iowa Code § 8B.10. In October 2020, the Office documented and communicated its TSA determinations by publishing Version 3 (“**V3**”) of the Statewide Broadband

¹Appellant filed an “Affirmation, Attestation, and Certification of Service or lack of Service in Census Block Broadband Grants Program Broadband Availability Map Challenge Process” (“**Certification**”) to initiate this Appeal. The Office considers this Certification to constitute a proper Notice of Appeal that comports with the form and content requirements of Iowa Administrative Code rule 129—20.5(1).

Availability Map (“**Map**”). Iowa Admin. Code r. 129—20.3, 20.4.

On October 28, 2020, the Office published V3 of the Map. V3 of the Map is based on maps and data sources made available by the Federal Communications Commission (FCC) and/or developed or produced by contractors or third parties retained or utilized by the Office for such purpose. Iowa Admin. Code r. 129—20.3. Data representing the status of fixed Broadband in Iowa is as of July 31, 2020. Iowa Admin. Code r. 129—20.1, 20.3, 20.4(1); *see Broadband Availability Map - Version 3 Challenge Process*, at OCIO.IOWA.GOV (<https://ocio.iowa.gov/broadband-availability-map-version-3-challenge-process>). In publishing V3 of the Map, the Office triggered a statutorily-required challenge period whereby “[w]ithin 20 days after [October 28], any person or party aggrieved or adversely affected by such determination may challenge the office’s finding by filing a notice of appeal with the office” and “provid[ing] the office with all evidence and information necessary to support the appeal.” Iowa Admin. Code r. 129—20.5(1); *see also* Iowa Code § 8B.10(2) (“The office shall establish procedures to allow challenges to the office’s finding on whether an area meets the definition of targeted service area.”). After the expiration of this initial twenty-day appeal window, the Office was to post any notices of appeal received by the Office online at ocio.iowa.gov/broadband. *Id.* r. 20.5(3). From the date of such posting, any other persons or parties affected by a challenge received by the Office would “have 20 calendar days to submit evidence and information in support of, or in opposition to, such appeal” to the Office. *Id.* After expiration of this second twenty-day submission window, the Office would “consolidate all appeals involving the same census block[s] and conduct an internal review of the evidence and information submitted by all appellants related thereto, in conjunction with any other evidence and information submitted by any affected persons or parties . . . , the maps and data sources originally utilized [by the Office], and any other information deemed relevant by the office.” *Id.* r. 20.5(4). Thereafter, the Office would issue a final agency decision stating the reasons for the Office’s decision concerning the census block(s) in question. *Id.* r. 20.5(5).

The period for appeals closed November 16, 2020 at 11:59 p.m. In accordance with Iowa Administrative Code rule 129—20.5(5), the Office is considering the evidence and information submitted to or otherwise available to the Office, and issuing final decisions concerning all of the Census Blocks forming the basis of appeals received by the Office.

III. FACTUAL BACKGROUND.

On November 16, 2020, within the initial twenty-day window, Appellant filed this Appeal (Docket 20OCIO162)². Therein, Appellant challenged the Office’s determination with respect to the following 159 Census Blocks:

Supporting its Appeal, Appellant completed and submitted a Certification. Pursuant to this Certification, Appellant attested and certified under penalty of perjury that it offered or Facilitated 25/3 Broadband service in each of the 159 Census Blocks forming the basis of its Appeal as of July 31, 2020. With respect to each of these 159 Census Blocks, Appellant explained:

Please see the attached excel spreadsheet for a listing of 159 census block ID's with corresponding representations where BTWI offers and/or facilitates 25/3 broadband. We have reported 30/10 coverage for these census blocks on FCC Form 477 for several years, continue to provide that same coverage in these areas, and have many current customers located throughout these areas. In addition to the attached excel spreadsheet, a listing of the census blocks with representations is also included with this scan.

Appellant requested that these Census Blocks be designated as non-TSAs.

As required by Iowa Administrative Code rule 129—20.5(3), the Office posted this Appeal online on November 6, 2020. *See Broadband Availability Map - Version 3 Challenge Process*, at OCIO.IOWA.GOV (<https://ocio.iowa.gov/broadband-availability-map-version-3-challenge-process>). Over the course of the next twenty days, “[no other] affected persons or parties . . . submit[ed] evidence and information in support of, or in opposition to, such appeal.” Iowa Admin. Code r. 129—20.5(3). The Office subsequently conducted an internal review of all relevant evidence and information submitted by Appellant and otherwise available to the Office in connection with the Census Blocks forming the basis of this Appeal. *Id.* r. 20.5(4). Based on that review, the Office now issues the following Decision. *Id.* r. 20.5(5).

1. **SUMMARY: APPEAL GRANTED.** The Office has received sufficient evidence to modify the current designation from TSA to non-TSA for 154 Census Blocks identified in Section IV.A.
2. **DETAILED RESPONSE:** With respect to the 154 IV.A Blocks, the Office has reviewed the evidence and information submitted by Appellant related thereto, in conjunction with the maps and data sources originally utilized in determining whether these Census Blocks are or are not TSAs. Iowa Admin. Code r. 129—20.5(4). In reviewing this evidence and information, the Office’s specific objective is to determine whether it should change its original determination of “whether a communications service provider offers or facilitates broadband service” at or above 25/3 in the Census Blocks forming the basis of this Appeal as of July 31, 2020, based on the additional evidence and information now available to it, or whether its original determination based on the Broadband Availability Map V3 should stand. Iowa Code §§ 8B.1(13), 8B.10(1-2); Iowa Admin. Code r. 129—20.1, 20.3, 20.4, 20.5.

Here, the map data representing the status of fixed Broadband in Iowa as of July 31, 2020, and originally relied on by the Office in generating V3 of the Map indicates that no Communications Service Provider offered or Facilitated 25/3 Broadband as of July 31, 2020. Appellant completed and submitted a Certification on forms provided by the Office attesting under penalty of perjury that Appellant offered or Facilitated 25/3 Broadband in the Census Blocks forming the basis of this Appeal as of July 31, 2020. The Office considers this Certification to be particularly probative evidence of 25/3 Broadband service.

In addition, the Office did not receive any conflicting evidence or information from other interested Communications Service Providers or members of the public as it relates to these Census Blocks during the period for input from affected persons or parties. Iowa Admin. Code r. 129—20.5(3). Considering Appellant’s Certification, and the lack of any competing evidence or information, the Office concludes 25/3 Broadband service was available in these Census Blocks as of July 31, 2020, and that these Census Blocks should be designated as non-TSAs and thereby are not eligible to receive State incentives under the programs administered by the Office.

B. DECISION REGARDING BLOCK IDs (the “IV.B Blocks”): 190730801003005; 190730801002041; 191210603001090; 191210603001065; 191210601004117.

1. **SUMMARY: APPEAL GRANTED.** These five (5) blocks will remain non-TSAs. These blocks were originally designated as non-TSAs in V3 of the Map.
2. **DETAILED RESPONSE:** With respect to the IV.B Blocks, the Office has reviewed the evidence and information submitted by Appellant related thereto, in conjunction with the maps and data sources originally utilized in determining

whether these Census Blocks are or are not TSAs. Iowa Admin. Code r. 129—20.5(4). In reviewing this evidence and information, the Office’s specific objective is to determine whether it should change its original determination of “whether a communications service provider offers or facilitates broadband service” at or above 25/3 in the Census Blocks forming the basis of this Appeal as of July 31, 2020, based on the additional evidence and information now available to it, or whether its original determination based on the Broadband Availability Map V3 should stand. Iowa Code §§ 8B.1(13), 8B.10(1)-(2); Iowa Admin. Code r. 129—20.1, 20.3, 20.4, 20.5. The Office agrees with Appellant that these Census Blocks should remain designated as non-TSAs, consistent with the Office’s original determination. The Office concludes these Census Blocks will remain non-TSAs.

V. APPEALING FURTHER. If you wish to appeal this Decision further, within thirty (30) days of the posting of this Decision at ocio.iowa.gov/broadband, you must notify us in writing by mailing a written request for a contested case proceeding to:

Office of the Chief Information Officer
c/o Matt Behrens
200 E. Grand Avenue
Des Moines, Iowa 50309

In so doing, you must state the reason(s) you are appealing this Decision, specifically identifying the particular aspects of the Decision with which you disagree and the reasons why, whether factual or legal in nature. The request for a contested case proceeding should state the name and address of the requester; identify the specific Office action which is disputed; and, where the requester is represented by a lawyer, identify the provisions of law or precedent requiring or authorizing the holding of a contested case proceeding in the particular circumstances involved, and include a short and plain statement of the issues of material fact in dispute. Iowa Admin. Code r. 129—6.4.

Upon receipt, your appeal will be forwarded to the Department of Inspections and Appeals where an Administrative Law Judge (“ALJ”) will perform an independent review. Iowa Admin. Code r. 129—20.6(1); Iowa Admin. Code r. 129—6.6. At that time, you will have an opportunity to make a presentation, in person or over the telephone, to an ALJ regarding the nature of your concerns. If you do not exercise your appeal right within thirty (30) days of the posting of this Decision at ocio.iowa.gov/broadband, this Decision shall become final and no longer subject to challenge. Iowa Admin. Code r. 129—20.5(5).

Sincerely,

Matt Behrens

D. ADDITIONAL EXPLANATION (To the extent you believe additional explanation is required to ensure that you are communicating full and accurate information, please use the below space to further explain, qualify, or substantiate your above certification/attestation/affirmation. To the extent necessary, please feel free to upload additional explanations/supporting documentation. If you are a Communications Service Provider and indicated "In Error" or "No Response" in the "Prior Reporting to FCC" column for any census blocks above, please elaborate.)

Please see the attached excel spreadsheet for a listing of 159 census block ID's with corresponding representations where BTWI offers and/or facilitates a minimum 25/3 broadband. We have reported 30/10 coverage for these census blocks on FCC Form 477 for several years, continue to provide that same coverage in these areas, and have many current customers located throughout these areas.

In addition to the attached excel spreadsheet, a listing of the census blocks with representations is also included with this scan.
