Good afternoon,

When La Porte City Telephone Company's information was submitted on April 30th, 2021, to Connected Nation, the information for the Mt. Auburn area was inadvertently excluded from the kmz file. As was stated in the email that was submitted on April 30th, La Porte City Telephone Company offers speeds up to 1Gbps/500Mbps. These speeds are possible due to the full fiber to the home deployment that has been completed throughout the exchange. Also, attached is a kmz of the census block included in the appeal. All of these census blocks are served with the speeds of 1Gbps/500Mbps.

If you have any questions please let us know.

Thank you,

Troy
