FINAL AGENCY DECISION

STATEWIDE BROADBAND AVAILABILITY MAP VERSION 4 APPEAL **September 14, 2021**

	DOCKET NO. 21-1018
	A. APPELANT INFORMATION
Company Name	Walnut Telephone Company, Inc dba Marne Elk Horn
Address	510 Highland St
City	Walnut
State	IA
Zip	51577
	B. DESIGNATED CONTACT INFORMATION
Contact Name	Rachel Hamilton
Contact Phone Number	712-784-2211
Contact Email	rachel@metcteam.com
	C. APPEAL TYPE
	Resident Challenge
	First-Party Provider Challenge
✓	Third-Party Provider Challenge
	D. EVIDENCE CONSIDERED
Appellant related thereto (se	clocks forming the basis of this Appeal, the Office has reviewed the evidence and information submitted by the Appendix B for original submission), in conjunction with the maps and data sources originally utilized in a storm of these Census Blocks, and made a determination as to the Census Block TSA Tier designations as set
\checkmark	If checked, Appellant submitted a Certification as part of its Appeal, affirming under penalty of perjury whether or not Broadband service was Facilitated, and at which tier level, in Census Blocks as of July 1, 2021.
\checkmark	If checked, Appellant submitted additional information in support of its Appeal. This information has been considered by the Office in making its Final Decision.
	If checked, challenged Census Blocks within this Appeal overlap with other Appeals containing one or more of the same Blocks. The Office considered evidence submitted in connection with any overlapping Appeal in making its final decision for any overlapping Census Block.
\checkmark	If checked, the Office sent requests for additional information to Third-Party Provider(s) concerning whether reported broadband service was Facilitated in one or more blocks of this Appeal as reflected on Map V4 as of July 1, 2021. The Office may have received Affirmation(s) and/or other evidence from Third-Party Provider(s) in response to such requests. Refer to Appendix C for a record of these efforts.
	oroadband-availability-map-version-4-challenge-process for more information regarding how the Office

valuates evidence and decides tier designations for appealed blocks

E. TO APPEAL FURTHER

The Office will post its Final Decisions on its website at ocio.iowa.gov/broadband. If an Appellant wishes to appeal the Decision further Appellant must notify the Office in writing within thirty (30) days of the posting of the Decision. Iowa Admin. Code r. 129 – 20.5(5). A request for a contested case must be filed by mailing a written request to:

Office of the Chief Information Officer

c/o Matt Behrens

200 E. Grand Avenue

Des Moines, Iowa 50309

In so doing, the reason for further appealing this Decision must be stated, specifically identifying the particular aspects of the Decision with which Appellant disagrees and the reasons why, whether factual or legal in nature. The request for a contested case proceeding should state the name and address of the requester; identify the specific Office action which is disputed; and, where the requester is represented by a lawyer, identify the provisions of law or precedent requiring or authorizing the holding of a contested case proceeding in the particular circumstances involved, and include a short and plain statement of the issues of material fact in dispute. Iowa Admin. Code r. 129-6.4.

Upon receipt, the appeal will be forwarded to the Department of Inspections and Appeals where an Administrative Law Judge ("ALJ") will perform an independent review. Iowa Admin. Code r. 129-20.6(1); Iowa Admin. Code r. 129-6.6. At that time, an ALJ will schedule a hearing. If Appellant does not exercise its appeal right within thirty (30) days of the posting of this Decision, this Decision shall become final and no longer subject to challenge. Iowa Admin. Code r. 129-20.5(5).

APPENDIX A - FINAL DECISION										
		D	EFINITIONS							
Targeted Service Area		A Targeted Service Area (TSA) is a census block within which no communications service provider offers or facilitates broadband service at or above the tier ., tier 2, or tier 3 download and upload speeds, as applicable.								
Tier 1	A maximum download speed	of less than 25 megabits per seco	nd (Mbps) and a ma	ximum upload spe	ed of less than 3 Mb	ps.				
Tier 2	A minimum download speed	of greater than or equal to 25 Mbp	os but less than 50 I	Mbps. No minimum	upload speed is app	olicable for Tier 2	•			
Tier 3	A minimum download speed	of greater than or equal to 50 Mbp	os but less than 80 I	Mbps. No minimum	upload speed is app	olicable for Tier 3				
Non-TSA	A non-TSA is a census block in	n which speeds are Facilitated at o	greater than or equa	l to 80 Mbps.						
Facilitate	A communication service provider's ability to provide broadband service at or above the download and upload speeds defined above to a home, farm, school, or business within a commercially reasonable time and at a commercially reasonable price upon request by a consumer. This does <i>not</i> pertain to the Broadband Infrastructure used to facilitate said service; Broadband Infrastructure is <i>not</i> a basis for appeal.									
Map V4 Designation	The speed tier reflected on the Map as of July 1, 2021.									
Decision Basis	The Decision Basis number reflected in this column corresponds to a general explanation for why this Office made its decision regarding the Block. The Decision Bases are posted on the website at https://ocio.iowa.gov/broadband-availability-map-version-4-challenge-process.									
Overlapping Appeal	Indicates the Docket Number in which the Census Block has been challenged in another Appeal. The Final Agency Decision may be impacted by additional or alternate information or affirmations received in conjunction with another Appeal for the same Block.									
Prior	The Prior Reporting column reflects information provided by Appellant on the Appeal. The Prior Reporting to FCC or Connected Nation may reflect one of the following:									
Reporting	In Error: Data was reported incorrectly to FCC or Connected Nation	In Error: Data was reported incorrectly to FCC or connected correctly to FCC or Connected correctly to FCC or Connected No Response: Data was not reported Unknown: Data is incorrect for

In signing and submitting this form, the above-identifie	RTIFICATION/ATTESTATION/AFFIRMATION ed company, and its duly authorized representative signing on behalf thereof, hereby affirms, represented in its submission: Choose one option that describes company/affiliation status.				
Company, consistent with the representations made in this form, and regardless of whether your company's prior reporting to to the FCC or State of Iowa was correct or in error as of July 1, 2021, either: (a.) Facilitated material Broadband service according to the designated Tier speed indicated on the Map; or (b.) Did NOT Facilitate Broadband according to the designated Tier speed in the identified census blocks.					
Another unaffiliated company, as of July 1, 2021, consistent with the representations made in this form, either: (a.) Facilitated material Broadband service according to the designated Tier speed indicated on the Map; or (b.) Did NOT Facilitate Broadband according to the designated Tier speed in the identified census blocks.					
D. ADDITIONAL EXPLANATION (To the extent) accurate information, please use the below space to extent necessary, please fee	you believe additional explanation is required to ensure that you are communicating full and further explain, qualify, or substantiate your above certification/attestation/affirmation. To the el free to upload additional explanations/supporting documentation.				
To substantiate our challenge I have included a letter from a Windstream customer who tried to obtain 100/20 service in Minden lowa in late Ju 2021. Windstream is using vDSL2 technology which requires bonding pairs to obtain 100/20 service. This also requires each customer to b within a short loop length from the Windstream facilities and that each home is wired adequately. It is not feasible with the short amount of time us to challenge every census block in Minden, but upon further investigation we are confident you would find that the entire census blocks in the community of Minden have been misrepresented on the map. Had these TSAs been available for funding we would have applied for this area our fiber is near this community.					
E. SIGNATURE* By typing your full name you are affixing your signature to this form and attesting to the accuracy of the information submitted herein.

Tim Assmann, owner of Tim's Service at 503 Main St. Minden, IA 51553

On June 18th I requested 100/20 service from Windstream

On June 25th a Windstream technician arrived to install the service. At that appointment we were told that our service drop needed to be replaced and that would be done next week. Over the next week we did not hear from Windstream at all and no new service drop was buried.

On Tuesday July 5th I called back to Windstream for an update. I was told that a locate request was called in for a new drop and it would be installed soon so we could move forward with the install.

As of July 14th 2021 I still do not have a new service drop, or the 100/20 Internet service that I requested.

Sincerely,

Tim Assman

APPENDIX C THIRD-PARTY AFFIRMATIONS AND SUPPLEMENTAL EVIDENCE

STATE OF IOWA

KIM REYNOLDS, GOVERNOR ADAM GREGG, LT. GOVERNOR ANNETTE DUNN
CHIEF INFORMATION OFFICER

July 28, 2021

Office of the Chief Information Officer of the State of Iowa c/o Matt Behrens 200 E. Grand Avenue Des Moines, IA 50309

Walnut Telephone Company, Inc. Janell Hansen janell@metcteam.com

OCIO did not receive a response from this provider.

To whom it may concern:

This is a letter of inquiry concerning your firm's prior reporting to the State of Iowa Office of the Chief Information Officer ("OCIO" or "Office") regarding the availability of Broadband service in certain United States Census Block(s) within Iowa. Our Office received a formal notice of appeal challenging information reported on the Broadband Availability Map Version 4 ("V4") of the Statewide Broadband Availability Map ("Map"). The data reflected on V4 of the Map was either (1) provided by you to the Office's contractor ("Connected Nation") during the data collection window of April 15 through April 30, 2021, (2) gathered from other sources (such as FCC) that collected data from you, or (3) carried forward from prior reporting made to this Office by you under a previous Map version. Map V4 categorizes census blocks according to the facilitated speed offered within the block. The publication of V4 triggered a formal appeal window, as explained in more detail below, during which time we received this appeal. The appeal we received claims that the data reflected on V4 of the Map is inaccurate. This appeal can be found at https://ocio.iowa.gov/broadband-availability-map-version-4-challenge-process (see Docket Numbers 21-1017, 21-1018). To resolve this matter, the Office requests that your firm provide information concerning your service in the affected Census Blocks as further identified and described below by August 11, 2021.

On July 1, 2021, the Office officially published the final version of V4 of the Map, which identifies where Broadband service was offered or Facilitated at a tier 1, tier 2, or tier 3 speed as of July 1, 2021. V4 of the Map is based primarily on data submitted to Connected Nation and/or FCC by Communication Service Providers concerning their service capabilities in the State of Iowa² and on informal comments/feedback supplied by interested parties as part of the informal comment/feedback process described above and in which your firm may have participated. V4 of the Map, and a detailed background of the same, can be found at: https://ocio.iowa.gov/broadband-availability-map-version-4. Overall, the new map reflects Targeted Service Areas defined as a census block within which no communications service provider offers or facilitates broadband service at or above the tier 1, tier 2, or tier 3 download and upload speeds. The tier speeds are defined as follows:

_

¹See Iowa Code §§ 8B.1(12), 8B.10. See also Iowa Admin. Code r. 129—20.1, 20.3, 20.4.

²See Iowa Admin. Code r. 129—20.3.

- "Tier 1" means a maximum download speed of less than 25 Mbps and a maximum upload speed of less than three Mbps.
- "Tier 2" means a minimum download speed of greater than or equal to 25 Mbps but less than 50 Mbps. No minimum upload speed is applicable for Tier 2.
- "Tier 3" means a minimum download speed of greater than or equal to 50 Mbps but less than 80 Mbps. No minimum upload speed is applicable for Tier 3.
- "Non-TSA" means a census block in which speeds are facilitated at greater than or equal to 80 Mbps.

Through the official publication of V4 of the Map, the Office triggered the challenge process it is required by law to administer.³ Pursuant to applicable administrative rules, within 20 days after the Office's official publication of V4 of the Map, "any person or party aggrieved or adversely affected by such determination may challenge the office's finding by filing a notice of appeal with the office" along with all evidence or information supporting their appeal. Iowa Admin. Code r. 129—20.5(1). Specifically, interested parties were permitted to provide the Office with evidence and information of the following: broadband is unavailable from a provider listed for the area (census block); or, that broadband speed is not as advertised.

V4 of the Map currently shows that service is Facilitated at either a tier 1, tier 2, or tier 3 speed per designated census block. As part of the above-outlined process, OCIO received a formal notice of appeal and supporting evidence or information from one or more Iowa residents or Communications Service Provider, claiming that Broadband service is not offered or Facilitated at that speed tier.

At this time, the Office requests your assistance in making an accurate determination as to whether your firm facilitates broadband service at the designated speed tier for 10% or more of the geographic area of each challenged census block as of July 1, 2021 to the Census Blocks identified in Exhibit A. To that end, the Office requests that you:

- 1) Complete and return the attached Affirmation of Service or Lack of Service in Census Blocks Broadband Grants Program Broadband Availability Map Challenge Process Form (see Exhibit A, Affirmation tab), by **August 11, 2021**. Pursuant to this form, OCIO requests that a representative with legal authority to bind your firm:
 - a) Confirm that your firm Facilitated Broadband service to the Census Blocks identified in Exhibit A as of July 1, 2021, and indicate the speeds at which your firm facilitated broadband service in those blocks. For purposes of this representation, "'Facilitate' means a communication service provider's ability to provide broadband service at or above the download and upload speeds specified in the definition of targeted service area in this section to a home, farm, school, or business within a commercially reasonable time and at a commercially reasonable price upon request by a consumer." Iowa Code § 8B.1(5) (emphasis added).
 - b) Fully complete all other aspects of the Form.
- 2) In addition to the form, please also submit any other evidence or information in your possession to the Office that supports your prior representations to the Office regarding the Census Blocks identified in Exhibit A. Examples of evidence and information the Office would consider particularly probative include "Bills or invoices provided to or received by customers in the

³See Iowa Code § 8B.10(2); Iowa Admin. Code r. 129—20.5.

applicable census block(s) which identify the specific download and upload speeds provided or received as of [July 1, 2021]." Iowa Admin. Code r. 129—20.5(8).

Please return the completed form and any supporting evidence or information to ociogrants@iowa.gov.

Please note that you are under no legal obligation to respond to this request for information. Generally, pursuant to applicable administrative rules, any affected person or party is free to submit evidence or information to the Office in support of or in opposition to an appeal within 20 days after the appeal has been posted to ocio.iowa.gov/broadband. Iowa Admin. Code r. 129—20.5(3). However, this Office is affirmatively reaching out to notify you of the appeal, of the circumstances surrounding the appeal, and to solicit your feedback and position. If this Office does not receive your response via Exhibit A of the Form by August 11, 2021 (10 business days from the date of this letter), the Office will make a final decision based on the evidence and information currently available to it. Iowa Admin. Code r. 129—20.5(4), (5).

OCIO strives at all times to produce and disseminate accurate information. We appreciate your assistance in helping us achieve our statutory mandate.

Sincerely,

Office of the Chief Information Officer, State of Iowa
