

Bremer County Board of Supervisors
415 E. Bremer Avenue
Waverly, IA 50677

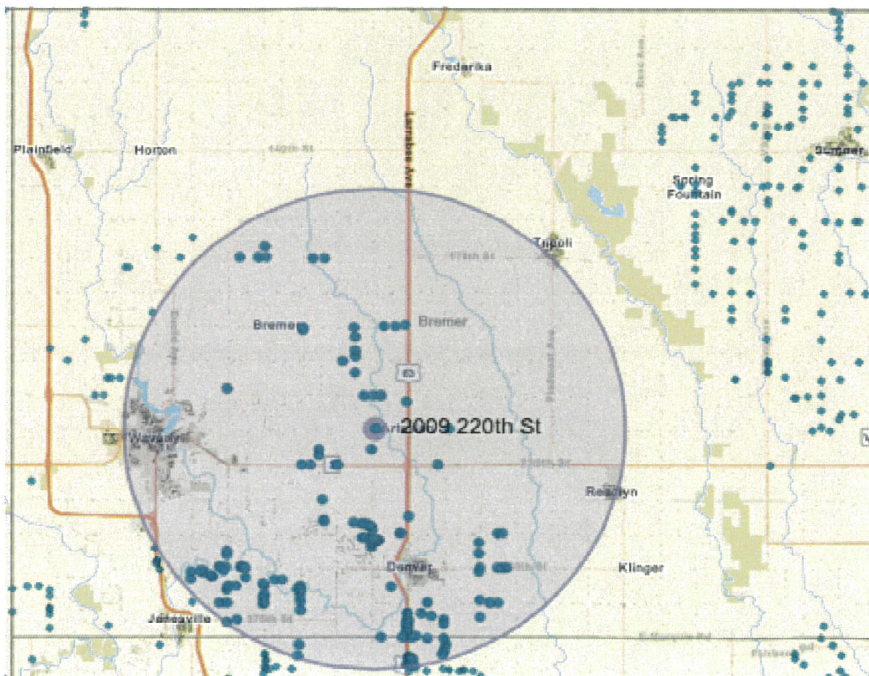

March 20, 2023

To the Iowa Office of the Chief Information Officer:

The Bremer County Board of Supervisors is submitting this application in response to the OCIO Invitation to Qualify for a Broadband Intervention Zone. The Bremer County Board of Supervisors, in association with local organizations including Butler-Bremer Communications and Iowa Northland Regional Council of Government (INRCOG), has identified a specific area of geographic concern with regards to existing broadband availability.

As such, we are proposing that a Broadband Intervention Zone be established for the area in and around the southwest corner in Bremer County. Pursuant to the Iowa Broadband Map v.5, this area is currently served by no wireline providers and one wireless provider that does not facilitate the required 100/20 minimum threshold for robust connectivity.

The prospective Intervention Zone would bring needed broadband connectivity to 173 currently under-served homes and businesses in the area as further represented by the diagram below. Unfortunately, no providers have shown any willingness to bring proper connectivity to our community.

Robust broadband is critical to this community's continued economic growth, and to ensure local citizens have access to essential infrastructure required for work, education, and health monitoring of current and future generations.

Sincerely,

Ken Kammeyer
Chairperson, Bremer County Board of Supervisors
