Good Morning Matt:

To the best of our knowledge, Premier Communications, Inc. CONFIRMS that **ALL** broadband units identified in Exhibit B (700 units) of our Core Application as broadband units to which "New Service Will Be Available To" are not currently served by 25/3 Broadband service currently, meaning that no other known Communication Service Provider currently facilitates 25/3 Broadband or faster service to those broadband units.

Although a number of the broadband units fall within Non-TSA census blocks, Premier conducted a geographically diverse survey of potential customers (attached) confirming that 25/3 Broadband service was not available at their location. (This information was also included in our Application.) The attached survey, along with our understanding of the actual capabilities of the existing Communication Service Providers in those census blocks make us confident that 25/3 Broadband service would not be possible to all of the broadband units identified in Exhibit B.

If there is any further clarification needed, please do not hesitate to reach out.

Sincerely,

Ryan Boone

Dear Applicant,

Thank you for submitting a grant application to the State of Iowa Broadband Grants Program - Empower Rural Iowa Initiative (NOFA #003). The Office of the Chief Information Officer (OCIO) requests the following clarification concerning the contents of your application.

Notice of Funding Availability #003 (Section 2.2.6.1.1.3.) requires Applicants to certify “that each of the unserved Broadband Units in the form of Homes, Businesses, and Schools located within Census Blocks forming the basis of the Project that will be Facilitated with 25/3 Broadband or 100/20 Broadband, as applicable, as a result of the Project **DO NOT currently have 25/3 Broadband service available, meaning no other known Communications Services Provider currently Facilitates 25/3 Broadband or greater to the Broadband Unit.**”

Accordingly, your Application identified the total number of broadband units (homes, schools, and businesses) to which new service will be available in Exhibit B (See “*Total Units*” column identified under *Total Number of HSB’s (i.e. Broadband Units) New Service Will Be Available To* as highlighted in yellow in the table below). OR

2. PLEASE CONFIRM the number of broadband units in your project area that **ARE UNSERVED** by 25/3 Broadband service, meaning that no other known Communication

You are asked to confirm this information by responding to this e-mail and identifying the total number of broadband units in your project that **ARE CURRENTLY UNSERVED** by 25/3 Broadband Service, meaning that no other known Communication Service Provider currently Facilitates 25/3 Broadband or faster service by responding to this e-mail and identifying the total number of broadband units that meet this criteria.

Your response may include additional information or justifications to support your clarification if needed.

Please provide the above-requested clarification(s) by **Thursday, August 20, 2020 at 11:59 PM CST**. Please email your response to ociogrants@iowa.gov.
