

Martelle Communications Cooperative
204 South St
PO Box 128
Martelle, IA 52305

Martelle Communications Cooperative offers phone, broadband and cable TV services to rural Iowa. We serve the communities of Martelle, Morley, Fariview and rural Anamosa. Our customers are always put first. Martelle Communications Coop has been in business since 1901. Our long history include: impeccable quality of service standards, maintaining ETC status by being in compliance with all Iowa Administrative Code and Regulations as well as all Federal rules pertaining to phone, internet and cable TV. We are a financially stable company that pays capital credits to our members when appropriate.

Our telephone service offers unmatched reliability with unlimited local calls. Plus, if there is ever an emergency, our residential service telephone is always available when you need it. No worries about charging the phone or minutes used...just crystal clear, reliable phone service.

Internet service from Martelle Communications Co-op features web access with no contracts or data caps. Just fast, affordably priced internet backed by friendly, local support.

With Cable TV services from Martelle Communications Co-op, there is always something on. We offer two affordable packages with local channels and we don't lock you into service contracts. Plus, our service is far more reliable during Iowa's unpredictable weather than other video service providers.
