To Whom It May Concern:

Please accept this support letter for Allamakee Clayton Electric Cooperative's Dorchester Fiber Build Project.

This is an aerial fiber project which will serve 543 passings, which includes homes and businesses. This provides coverage to the following townships: Union Prairie, Makee, Hanover, French Creek and Lansing. The total miles built will be 203. It is important to recognize many of the homes in this area currently do not have service. The opportunity to work or attend school remotely is extremely valuable.

Allamakee County Economic Development & Tourism supports the fiber build in the Dorchester Area. Please look favorably upon this application to better serve the area's safety, health, education and business needs.

Sincerely,

A handwritten signature in black ink that reads "Valerie O. Reinke".

Valerie O. Reinke
Executive Director
