

NOFA #005

February 22, 2021

Executive Summary:

The purpose of this request is to serve locations in Shelby County and Crawford County to deliver Broadband for education, business and telemedicine via fiber deployed broadband to customers in unserved areas outside our current designated exchange boundary areas lacking 25/3 with fiber fed service of 100 Mb/100 Mb services.

We will construct fiber connections to current fiber runs that will extend service for the best economic use of the grant funds to deliver high speed broadband.
