RE: Empower Rural Iowa, Emergency Broadband Expansion Grant Program – NOFA #005

Dear Chief Information Officer and Review Committee:

I am writing this letter on behalf of Webster Calhoun Cooperative Telephone Association (Web Cal). Security Savings Bank would like to express our full support of the Empower Rural Iowa, Emergency Broadband Expansion grant application for WebCal.

Web Cal has always quality and reliable broadband service to Security Savings Bank and we deem them as an essential business to our everyday functions. They are a vital partner to the bank along with our customers and we are very grateful for the services that they have provided us over the years.

We have 7 office locations, including one in Boone County. We are asking for your help in funding their project so that they are able to provide services to the community of Fraser. This would be a tremendous service for those in this community.

I appreciate your consideration and please feel free to contact me if you have any questions or want more information from us. I can be reached at brad@securitysavingsbank.com or at 515-352-3333. Thank you!

Sincerely,

Bradley S. Lane
