Executive Summary NOFA #005

2.2.3

Brooklyn Mutual Telecommunications Cooperative's potential project consists of six rural census blocks (CBs) adjacent to the city of Brooklyn and located to the northwest and to the southeast of the City. The project's primary deployment will be wireline, buried fiber, to the 19 rural locations. The outlined locations on Exhibit B are all within Poweshiek County and the award would provide 100 Mbps broadband to 16 households and 3 businesses for a total of 4.42 square miles. The pre-planning has commenced with the contractor and materials are ready to order. Should this award not be made to the applicant, it is unlikely the targeted service areas will have fiber broadband in the next two to three years. With this award, the completion of the fiber project is prior to December 1, 2021, as required within the NOFA 005.

The applicant understands the terms and conditions of this specific NOFA and intends to comply with the OCIO grant requirements, the Corona Relief Fund Requirements, the Iowa Administrative Code 129-22 and the Code of Iowa 8B.11.
