

**Windstream Iowa NOFA #6 Response**

**Professional Engineer Certification**

We the undersigned, having reviewed Windstream's project design for fiber deployment in response to the Iowa CIO's NOFA #6, certify the proposed Project design will be capable of simultaneously Facilitating 100/100 Broadband or 100/20 Broadband, as applicable, to the Total Broadband Units Facilitated as represented in Applicant's proposed Project.

I have over 25 years of engineering work in Network Transport Engineering, Broadband Engineering, and Network Planning in addition to my current responsibilities in OSP.
