Applicant Business Structure

Is the Applicant a Communications Service Provider as defined by Iowa Code chapter 8B, including but not limited to private sector carriers, local governments, utilities, and other entities that provide or intend to provide Broadband service.

Communication Service Provider* Yes

Identification of whether the Applicant is a subsidiary of one or more parent companies.

Are you a subsidiary of one or more parent companies?* No

Executive Project Summary NOFA #006

The section requires Applicant to affirm whether or not state funds are necessary for the Project to proceed.

Are state funds necessary for the project to proceed?* Yes

This section requires an Applicant to describe how the Project will or will not proceed if State funds requested are not ultimately awarded.

Describe how the Project will or will not proceed if state funds requested are not ultimately awarded.*

This project will proceed in some fashion, although the size and scope of the project will be greatly reduced if the grant is not awarded. In addition, if this grant is not approved other projects (plan to bring FTTH to all locations in the Alpine service area) planned to bring FTTH technology to the remainder of Alpine's rural service area will either be reduced or eliminated. Alpine is committed to working toward overall community enhancement that includes residences, businesses and community anchor institutions within the rural service areas of Alpine's exchange area (urban locations are already being served by FTTH). Access to high speed broadband service should be available to every location regardless of whether they live in town or out in the rural areas. After reviewing the financial feasibility of the project, the locations included in Alpine's applications would be too costly to build without funding assistance. Due to the rural nature and relatively low population density, this project would be difficult to justify without the financial assistance from NOFA #006. Therefore, the project will likely be substantially modified without grant assistance.

Has construction on the project begun? * No
