---

The Dunkerton Telephone Cooperative filed Articles of Incorporation (under the name North Dunkerton Telephone Company) in 1907 and has been providing communication services since. In June of 1980, the company went cooperative. In January of 1996, the Board of Directors approved providing dial-up internet service and has been upgrading our plant routinely to keep up with changing technology as we are able. We began our first fiber installation project in 2015 and recently completed a 23-mile build in Spring of 2021. The funds we are requesting from NOFA#006 will enable us to branch outside of our exchange for the first time to serve a neighboring community.
