## Applicant Business Structure

Is the Applicant a Communications Service Provider as defined by Iowa Code chapter 8B, including but not limited to private sector carriers, local governments, utilities, and other entities that provide or intend to provide Broadband service.

Communication Service Provider\* Yes

Identification of whether the Applicant is a subsidiary of one or more parent companies.

Are you a subsidiary of one or more parent companies?\* No

## Executive Project Summary NOFA #006

The section requires Applicant to affirm whether or not state funds are necessary for the Project to proceed.

Are state funds necessary for the project to proceed?\* Yes

This section requires an Applicant to describe how the Project will or will not proceed if State funds requested are not ultimately awarded.

Describe how the Project will or will not proceed if state funds requested are not ultimately awarded.\*

Mabel Cooperative Telephone Company (Mabel) is proposing to construct a GPON Fiber Network in the area indicated. This fiber route will also serve as a redundancy route for our current traffic. The fiber architecture will allow the high-speed broadband services required to meet the requirements described in this NOFA. The fiber access electronics will enable the provisioning of individual service offerings of 100/100 Mbps, and will allow for speeds that will ensure the network is future-proof, allowing for telehealth, telework and on-line learning among numerous beneficial economic impacts. The board has approved this grant application and the funds needed for the build, given there is a 36.91% match. The construction crew and equipment has been researched and Mabel is able to acquire the essential materials and crews to complete the project before the grant deadline. If the grant is not awarded, the project will be cancelled or delayed by several years, as monies are needed to achieve build-out and maintenance of this proposed route. Delaying this opportunity would not be in the public interest and grant monies are needed to fulfill the entire project.

Has construction on the project begun? \* No

## Project Status

Project Milestone	Estimated Completion date	Costs Incurred
Start Construction	06/01/2022	\$155,773.08
50% Complete	05/01/2023	\$146,833.50
100% Complete	10/01/2023	\$146,833.50

## Demonstrated Experience NOFA #006

This section requires information about Applicant's demonstrated experience in provisioning Broadband across the State of Iowa. Applicant shall include relevant information about their experience that has prepared them to deploy their Project, such as, for example, community partnerships and services; history of organization; number of years in business; number of years of experience providing the types of services sought by this NOFA #006; if the Applicant is a relatively new provider/market entrant, an explanation of the benefits, if any, of being a newer provider/market entrant; the level of technical experience in providing the types of services sought by this NOFA #006.
