Office of the Chief Information Officer
ATTN: Empower Broadband Grant Program
200 E. Grant Ave.,
Des Moines, IA 50309

Dear Office of the Chief Information Officer,

I am pleased to provide this letter of support for Mediacom Communications for a Empower Broadband Grant to help fund construction to the City of Melbourne, IA. This project would provide fiber to the home internet to the community with affordable access to high speed broadband services. This is most definitely an underserved area. I fully support Mediacom's application to provide quality broadband access in the Melbourne (Marshall County) area of Iowa and would ask for our favorable consideration.

Sincerely,

John White, Mayor
City of Melbourne
111 1st Street
Melbourne, IA 50162
