

**AMG Technology Investment Group, LLC dba Nextlink Internet
Broadband Grants Core Application – NOFA 006
General Applicant Information**

AMG Technology Investment Group, LLC dba Nextlink Internet (the Company) was formed on January 3, 2012 as a Texas limited liability company and commenced operations later that year. The company is indirectly owned 85% by William Baker through his ownership of Como Investments, LLC and Como Wireless, LLC (holding companies). An organizational chart is also enclosed.

AMG Technology Investment Group, LLC also became registered to do business in the State of Iowa on October 30, 2018 (Iowa Secretary of State Certificate of Authorization – Certificate ID: CS158285).

The Company is a fixed wireless and fiber broadband internet and VoIP provider in Texas, Iowa, Oklahoma, Kansas, Nebraska and Illinois. In Iowa, the Company currently conducts operations out of three field offices located in Sioux City, Cedar Falls and Bettendorf and plans to further expand by opening additional field offices in Osceola, IA and Atlantic, IA within the next 90 days. The Company focuses primarily on providing broadband internet and VoIP services in the rural areas of the states where it conducts business with its mission to help close the vast digital divide in the rural areas of the United States.
