Applicant Name: United States Cellular Corporation

Applicants should identify all Delivery Platforms forming the basis of their Project by selecting all Delivery Platform types that are projected to be deployed as part of the Project. Consistent with the definition of Facilitates, Applicants must identify the upload/download speeds on an individual census block basis that their Project will Facilitate in the "Facilitated Speeds" column below; this may be based on the most favorable product offering that will be made available within each of the census blocks forming the basis of a Project and that will be made available within a commercially reasonable time and at a commercially reasonable price. In identifying Prospective Product Attributes, Applicants may use the most favorable product offering that will be made available within a majority of the census blocks forming the basis of their Project and that will be made available within a commercially reasonable time and at a commercially reasonable price within the Project area upon request by a consumer as a result of the Project. Refer to NOFA #006 Section 3.1.6 for more information on Prospective Product Attributes.

Exhibit C — Funding Sources Form

Applicant Name: United States Cellular Corporation

Applicant must fill out and submit this form in order to comply with/supply the information/inputs requested by the Office pursuant to Section 4 (Attachments - Funding Sources Form) of NOFA #006.

1. Budget Composition. (see NOFA #006 Section 3.1.7)

This factor takes into consideration the degree to which State funds are requested for the funding of this project. Generally speaking, Projects that are supported by funding other than State funds will receive higher scores for this factor. This NOFA permits requests of up to 75%, 50%, or 35% from State funds for projects that will facilitate 100/100 Broadband in Tier 1, Tier 2, and Tier 3 TSAs respectively and 50% for projects that will facilitate 100/20 Broadband in Tier 1 TSAs; therefore, those Projects requesting less than the applicable reimbursement percentage will receive higher scores than those requesting the entire amount.

\$956,000.00	Total Estimated Cost
\$478,000.00	Total Grant Requested

Please answer or supply the Office with the following to assist it in scoring this factor:

- 1.1. Local Support.** Please state the total dollar (\$) amount of your Total Project Costs as defined in NOFA Section 1.5.2 that will be supplied by local government (e.g., city, county). Do not include State or Federal funds in this dollar (\$) amount. Please make sure these figures align with the figures you have supplied on Exhibits D and D.1 (the Broadband Grants Budget Plan and Outside TSA Infrastructure process, respectively). **OCIO will calculate your score, in part, by considering the percentage of your Total Project Cost comprised of funds supplied by local government.**

\$0.00 ☒ Check if Local Support is Zero.

- 1.2. Federal Support.** Please state the total dollar (\$) amount of your Total Project Costs as defined in NOFA Section 1.5.2 that will be supplied by federal funds (e.g., a USDA grant funds). Please make sure these figures align with the figures you have supplied on Exhibits D and D.1 (the Broadband Grants Budget Plan and Outside TSA Infrastructure process, respectively). **OCIO will calculate your score, in part, by considering the percentage of your Total Project Cost comprised of funds supplied by the federal government.**

\$0.00 ☒ Check if Federal Support is Zero.

- 1.2.1.** Please further describe the specific funding sources/programs forming the basis of any federal support claimed above, such as USDA grant funds.

(Maximum 1200 Characters / Actual = 0)

- 1.3. Other External Support.** Please state the total dollar (\$) amount of your Total Project Costs as defined in NOFA Section 1.5.2 that will be supplied by sources other than local government, state grant funds (if awarded), federal funds, or you (the Applicant) directly, such as donations from a private third party or non-profit organization. A loan, equity stake, or other similar financing arrangement does not qualify as an external funding source. Please make sure these figures align with the figures you have supplied on Exhibits D and D.1 (the Broadband Grants Budget Plan and Outside TSA Infrastructure process, respectively). **OCIO will calculate your score, in part, by considering the percentage of your Total Project Cost comprised of funds supplied by other external sources.**

\$0.00 ☒ Check if Other External Support is Zero.

- 1.4. Applicant Support.** Total Project Costs as defined in NOFA Section 1.5.2 that will be supplied by you, the Applicant (i.e., your direct contribution excluding any Local Support, State funds, if awarded, Federal Support, or Other External Support). This factor takes into consideration the Applicant's overall commitment to the Project. These figures align with the figures you have supplied on Exhibits D and D.1 (the Broadband Grants Budget Plan and Outside TSA Infrastructure process, respectively). **OCIO will calculate your score, in part, by considering the percentage of your Total Project Cost comprised of funds supplied directly by you, the Applicant.**

\$478,000.00 This field is calculated and auto populated based on Exhibit C Sections 1.1 - 1.3 and Applicant's entry in Exhibits D and D.1 (the Broadband Grants Budget Plan and Outside TSA Infrastructure process, respectively).

- 1.5. Maximum Funding Request.** Based on the speed tiers comprising the applicants project and the broadband speed levels facilitated the following percentage of state match is the maximum amount available to the applicant.

50.00% This field is auto-populated based on the TSA tiers and buildout speeds proposed by the applicant in Exhibit B consistent with Section 1.6.3.2 in NOFA #006.

- 1.6. State Matching Funds Requested.** In accordance with Section 3.1.7.1 of NOFA #006, This subcategory considers whether Applicants are requesting the Maximum Funding Request for which their Project is eligible under this NOFA as established in section 1.6.3 or a lesser amount. This subcategory operates under the premise that Applicants requesting less than the Maximum Funding Request will permit the Office to more widely disburse available funds, increasing the overall impact of the program.

50.00% Please state the percentage of state support requested if less than the maximum state support requested in 1.5 above. Refer to the table in section 3.1.7.1 of NOFA #006 to identify the points available for applicants who request less than the maximum funding request. **If you intend to request the maximum funding request do not change this field (cell C37).**

- An applicant may only request reimbursement upon project completion for up to 75%, 50%, or 35% for projects that will facilitate 100/100 Broadband in Tier 1, Tier 2, and Tier 3 TSAs respectively or for up to 50% for projects that will facilitate 100/20 Broadband in Tier 1 TSAs. Reimbursement will be the lesser of estimated Total Project Costs or actual Total Project Costs.
- As part of the claims process, in addition to supplying the Office with a revised Exhibit D, the Office may request additional records as deemed necessary by the Office to verify such claimed expenditures. Such records may include original invoices, original itemized receipts, copies of checks, check registers, or bank statements indicating credit card invoices were paid, or similar documentation. Grantees must keep proof of the incurrence and payment of any and all claimed expenditures.
- As part of the claims process, Grantees may only seek and obtain reimbursement for Allowable Expenditures. The Office may deny a request for reimbursement for any expenditures that do not constitute Allowable Expenditures, and Grantee shall not otherwise be entitled to reimbursement for any such expenditures. Exhibit D.1 — Outside Targeted Service Areas Infrastructure Worksheet

Applicant Name: United States Cellular Corporation

This Exhibit is only applicable if an Applicant seeks to claim expenditures for Broadband Infrastructure installed outside of Targeted Service Areas forming the basis of a Project. Generally speaking, Applicants must identify their Projects in terms of the Targeted Service Areas in which their Projects will Facilitate 100/100 or 100/20 Broadband service or faster based on tier. By virtue of the geographic proximity of Broadband Infrastructure physically installed within a Targeted Service Area(s), the Office considers such infrastructure to Facilitate 100/100 or 100/20 Broadband within the Targeted Service Area(s) forming the basis of the proposed Project. Applicants may only include costs/expenditures incurred within a Targeted Service Area forming the basis of a Project within the Project's Total Project Costs and corresponding Allowable Expenditures. However, Applicants may include costs/expenditures that are incurred outside of Targeted Service Area(s) within their Total Project Costs and corresponding Allowable Expenditures, provided that Applicant provides the information and demonstrates the prerequisites identified in Section 1.5.2.3 (Outside TSA Infrastructure Process) of NOFA #006. This Outside TSA Infrastructure process is not limited to census blocks that are directly adjacent to Targeted Service Areas forming the basis of an Application. Applicants should use the following fields/inputs to supply the required information/justification. Complete this Exhibit ONLY IF you are seeking expenditures for Broadband Infrastructure installed OUTSIDE of Targeted Service Areas.

1. Are you requesting permission to include expenditures incurred outside of Targeted Service Areas forming the basis of your Project within your total estimated Project Cost/allowable Expenditures?

2. Explain how such outside-Targeted-Service-Area Broadband Infrastructure Facilitates 100/100 or 100/20 Broadband within the Targeted Service Area(s) forming the basis of the Project.

(Maximum 1200 Characters / Actual = 0)

3. How are any claimed costs/expenditures for such outside-Targeted-Service-Area Broadband Infrastructure necessary to effectively complete the Project?

Exhibit D.1 — Outside Targeted Service Areas Infrastructure Worksheet

Applicant Name: United States Cellular Corporation

- ¹ The Office reserves the right, in its sole discretion, to exclude claimed costs/expenditures for outside-Targeted-Service-Area Broadband Infrastructure, including in scoring a Project or in determining in what amount to Award grant funds, where an Applicant fails, in the Office's determination, to satisfy the above-outlined tests. In the event the Office excludes any claimed outside-Targeted-Service-Areas costs/expenditures, the Office may, in its sole discretion, notify the Applicant in advance and permit the Applicant to withdraw or amend its Application.
- As part of the claims process, Grantees may only seek and obtain reimbursement for Allowable Expenditures. The Office may deny a request for reimbursement for any expenditures that do not constitute Allowable Expenditures, and Grantee shall not otherwise be entitled to reimbursement for any such expenditures. See Section 1.2.3 of the NOFA for a comprehensive definition of Allowable Expenditures.
 - As part of the claims process, in addition to supplying the Office with a revised Exhibit D.1, the Office may request additional records as deemed necessary by the Office to verify such claimed expenditures. Such records may include original invoices, original itemized receipts, copies of checks, check registers, or bank statements indicating credit card invoices were paid, or similar documentation. Grantees must keep proof of the incurrence and payment of any and all claimed expenditures.
 - Applicants may not include Allowable Expenditures incurred within Targeted Service Area(s) in this Outside Targeted Service Area Infrastructure Worksheet. Applicants should include those costs/expenditures in the Budget Plan, labeled as Exhibit D.
 - An applicant may only request reimbursement upon project completion for up to 75%, 50%, or 35% for projects that will facilitate 100/100 Broadband in Tier 1, Tier 2, and Tier 3 TSAs respectively or for upto 50% for projects that will facilitate 100/20 Broadband in Tier 1 TSAs. Reimbursement will be the lesser of estimated Total Project Costs or actual Total Project Costs.
