

**Application Number 433944 – Blue Earth Valley Telephone Co., dba Bevcomm –
Demonstrated Experience – Section 2.2.4**

Bevcomm is a fourth generation, family-owned communications company providing leading edge service for more than 125 years. We have extensive experience constructing fiber broadband communications. We focus on reinvesting in technology in the communities we serve by developing state-of-the-art networks. Our core services are deployed utilizing extensive broadband networks including multiple fully redundant 10 Gbps Ethernet transport rings that are constructed to survive fiber cuts and multiple equipment failures.

Bevcomm has been a recipient of 20 state grants, all successfully deployed in both Minnesota and Wisconsin.
