

LTD Broadband

Eligibility and Demonstrated Experience

LTD Broadband was founded in 2010 with the goal of bringing reliable, affordable broadband to rural and urban areas. Since its inception, LTD Broadband has grown an additional 40% and currently serves the upper Midwest in Iowa, Minnesota, Nebraska, South Dakota, and Wisconsin--a territories covering over 50,000 square miles and consisting of 2,500 towers in over 750 cities

LTD has made the expansion of broadband internet access a top priority to spur economic development; attract new residents; enhance residents' educational, and healthcare; to improve the overall quality of life of residents over the years. LTD continues to develop broadband and actively seeks out grants to aid in their pursuit. LTD was awarded and completed a CAF II project 4 years ahead of schedule. Through grant projects along with rural and urban projects LTD has mastered the ability to conceptualize, plan and develop, build, manage multiple projects, and scale operations through small and large projects.

The success of LTD is due to the strong and deep executive team that has been the driving force behind the current and future success of the company.

Corey Hauer, CEO

Hauer, Founder of LTD Broadband, earned his degree in Computer and Electrical Engineering from Purdue University. Hauer holds over 25 years of experience in building companies and systems focused on broadband networks. Multiple telecommunication firms, hospitality businesses, wireless ISPs, regional airlines, law firms, and manufacturers have sought consulting from Hauer on deploying innovative technologies.

Frank E. Glaszner, COO

Frank brings over 18 years of telecommunication and technology experience to the table. In addition, he brings 25 years of experience as a resourceful and strategic sales executive. As a Lean Six Sigma Black Belt (ICBB) his ability to adapt to any environment and produce results utilizing his vision for process, precision and systematic and methodical approaches is unparalleled.

Within the telecommunication and technology industry his vast knowledge has assisted several companies in implementing sales methodology to yield record results as well as solutions sales, business development, channel development, sales management, WAN/LAN Design and Telephony & Data Liaison.

Ira Levy, CFO

In addition to a Bachelor of Science degree in Finance from the University of Florida and a master's degree in Accountancy from the University of Houston. Ira has extensive Wireless Telecommunications (major carrier, MVNO, DAS, Small Cell, Service Provider), Fin Tech, e-commerce and SaaS industry experience having served in senior level financial leadership positions at MetroPCS, Verizon Wireless, T-Mobile, AT&T, iWireless, Connectivity Wireless and Mozido.

Ira has raised over \$3 billion in private equity and private and public debt transactions as well as served in a leading role in a successful IPO. He possesses deep subject matter expertise in all disciplines of corporate finance including capital structuring and fund raising, contract negotiations, business intelligence and analysis, business planning, treasury, and revenue assurance. Ira has led multiple successful M&A transactions on both the buy and sell side and served as a Board Director for the Association of Financial Professionals.
