July 25, 2023

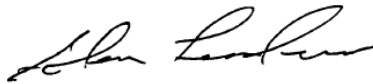

To whom it may concern:

I would like to support FMCTC to build fiber broadband into surrounding areas included in NOFA 8 ITQ #59 to bring service that we need to conduct business, work from home, school and online access to the internet in our homes and businesses. Their fiber broadband will increase economic development as well.

The services they have listed show choices for speeds and the 400 mb/ 100 mb without data restrictions seems to be affordable for those that need that kind of speed.

We support the application for funding to build this broadband in the areas that FMCTC has applied in ITQ 59 in the Dunlap and Woodbine area. Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan Leader". The signature is fluid and cursive, with the first name "Alan" and last name "Leader" clearly distinguishable.
