To Whom it My Concern:

La Motte Telephone Company has provided their internet speed pricing to me and I find their pricing to be very competitive. I am limited to the availability of internet providers in my area. I am not in the local rural electric cooperative, but I have checked their pricing and La Motte Telephone Company's pricing is less or equal to the rural electric cooperative.

I am located between exchanges and it would be extremely beneficial to us if La Motte Telephone Company would receive funding to assist them in building in our area.

A handwritten signature in black ink, appearing to read "Brittany Miller". The signature is fluid and cursive, with the first name "Brittany" and the last name "Miller" clearly distinguishable.

I own an electrical business and not having adequate internet in my home makes it difficult to work from my home, when I need to.
