

Empower Rural Iowa Exhibit N – Product Pricing Form Signed Letter

8/23/2023

To whom it may concern,

My name is Matthew Burton, and I am a council member for the city of Sloan Iowa, which is located in Long Lines Broadband's proposed project area for their Empower Rural Iowa broadband grant application. I am writing this letter in support of Long Lines Broadband's project because our area desperately needs affordable access to high-speed broadband services. Our area is disadvantaged compared to other towns in the area due to the lack of reliable high-speed internet service, which has limited our ability to use telehealth networks, work from home, utilize distance learning, stream digital content, and communicate with family and friends.

As a representative of the area to be served by this proposed project, I affirm that Long Lines Broadband's proposed broadband pricing is affordable for the community.

If you would like to contact me, I can be reached at 712-333-5542.

Thank you for your consideration,

Matthew Burton
