<p>We intend to expand our service area east to the Delaware/Buchanan County Line to serve more school families in the East Buchanan School District which borders the county line. We have visited with homeowners in this area and have over 20 homeowner signatures saying that they want our fiber Internet service. Many homeowners say that they cannot get the speeds indicated on the map, and several also state that they are down in a valley and can't receive any wireless signals, also contrary to the broadband mapping. Also, there are several census blocks which indicate that Maqueketa Valley REC provides fiber, yet MV-REC does not serve Buchanan County with electrical service - they stop at the county line. So mapping seems to be incorrect in that regard also.</p>
